

ESTABLISHED 1833.

FORT WAYNE, IND., FRIDAY, MAY 31 1901.

PRICE TWO CENTS

TURN CUBA DOWN

ACTION OF CONVENTION IS NOT
ACCEPTABLE.

THE PRESIDENT SO DECIDES

NON-COMPLIANCE WITH THE
PLATT AMENDMENT.

DECIDED IN CABINET SESSION

PRESIDENT CONFERS WITH SEV-
ERAL SENATORS.

Washington, May 31.—The admin-
istration has decided that the action
of the Cuban constitutional conven-
tion, in accepting the terms of the
Platt amendment with modifications
and interpretations of their own, was
not "substantial" compliance with
our terms within the meaning of the
amendment and Secretary Root will
convey this intelligence to the con-
vention. The decision was reached
at the cabinet meeting today.

The meeting lasted over an hour
and a half and had been preceded by
an hour's conference between the
president and Senators Platt, of Con-
necticut; Lodge, of Massachusetts;
and Fairbanks, of Indiana.

As the author of the amendment,
the president desired to learn the
views of Senator Platt, and also
those of Senator Lodge, who is one of
the influential members of the com-
mittee on foreign relations.

At the cabinet meeting Secretary
Root took the position that the in-
terpretations of the Platt amendment
contained in the constitution adopted
by the convention and the where-
ases appended to it, went outside of a
fair interpretation of its meaning and
was unacceptable.

In this view the cabinet concurred.
When asked as to what would be
the next step of the government after
the Cuban convention had been no-
tified of the rejection of its action,
one of the members of the cabinet
said that the government could do
nothing further until the convention
again acted; that as long as the con-
ditions of the Platt amendment were
on the statute books compliance with
them must precede our relinquish-
ment of control over the island.

The cabinet also discussed the de-
cisions of the supreme court in the
insular cases, especially their bearing
upon the forthcoming decision of the
court in the Philippine cases.

It was the general opinion that in
some phases the De Lima decision
might be applicable to the Philip-
pines, but that in other ways it
might be held entirely inapplicable.
No definite conclusion, however, was
reached at today's meeting.

CONFERRED WITH SENATORS.

Washington, May 31.—Senators
Platt, of Connecticut; Lodge, of Mas-
sachusetts, and Fairbanks, of Indi-
ana, had an hour's consultation with
the president before the cabinet meet-
ing today. The Cuban situation was
under discussion and the president
was desirous of obtaining the views
of those senators as to whether the
action of the constitutional conven-
tion was a "substantial" acquiescence
in the Platt amendment.

Some of the details of the action
of the Cuban convention are still
lacking and before definite conclu-
sions can be arrived at these must be
supplied.

The senators who talked with the
president do not feel at liberty to
express their opinions as to what
should or would be done. They say
the matter is one for the executive to
decide, as the amendment authorizes
the president to relinquish control of
Cuba when a government has been
established which substantially
agrees to its terms.

The conferences relating to Cuban
affairs among leading administration
officials and leading members of the
United States senate at present in
Washington have continued and,
though no definite determination has
been reached, there is quite a senti-
ment toward accepting the action of
the convention as a "substantial"
compliance with the terms of the
Platt amendment. There is a great
deal of addenda in the way of ex-
planation and interpretation in the
report of the committee on relations,
which has been adopted at Havana,
that is wholly unsatisfactory to the
president and also to those who have
been consulting with him, but there
is an earnest desire to reach the best
possible results. One of the most ob-
jectionable features of the interpreta-
tion is the addition of the words say-
ing that the action of the United
States is an amplification of the Mon-
roe doctrine. It is emphatically

stated by some of those who have
been present at the conferences that
the Monroe doctrine has nothing
whatever to do with the present situ-
ation in Cuba.

It is stated that the earnest desire
of the president is to retire from
Cuba at the earliest possible moment
consistent with the best interests of
the people of the island and the fu-
ture relations between the new gov-
ernment and the United States.

The problem is whether withdrawal
under the amended Platt law will
achieve the result.

FIRST HALF OF CENSUS REPORT.

Washington, May 31.—The direc-
tors of the census today issued the
first half of the final census report on
population, showing the aggregate
population of the United States by
states and territories, the density of
population, the center of population
in its medium point, the population
of Alaska and of the Hawaiian is-
lands, the number of representatives
apportioned under the recent act of
congress, and also the population of
the states and territories by minor
civil divisions, the population of
cities having 25,000 inhabitants or
more in 1900, their increase of popu-
lation in the same and the popula-
tions of incorporated cities, towns,
villages and boroughs in the year
1900. This report is issued in the
form of a monograph and comprises
about 500 pages. The other portion
of the final report on population will
be issued during the early fall, put-
ting the entire volume in the hands
of the public at least four years in ad-
vance of any previous census.

BROTHERS EXCHANGED WIVES.

Marion, Ind., May 31.—William
and John Church, brothers, lived in
Indianapolis. The two young men
courted and married young ladies
who were friends. The young lady
that married William became infatu-
ated with his brother John before the
wedding and the young lady that
married John was in love with Will-
iam. This fact developed after the
weddings of the two brothers, but
they lived with their respective wives
for a number of years and children
were born. A separation followed,
and both brothers secured divorces
from their wives. They then married
their first loves, who were their sis-
ters-in-law. The wives took the chil-
dren and their uncles became their
step-fathers.

William Church came to Marion
and embarked in business and John
went to Peru. Last Saturday Mrs.
William Church left her husband in
this city, took her children and went
to Peru. It is now alleged that she
has gone back to her first husband,
who is her brother-in-law, and has
taken his own children, who had be-
come his niece and nephew, and also
her children, born to her second hus-
band.

JUSTICE BREWER TO WED.

Washington, May 31.—Mr. Justice
David J. Brewer, of the United States
supreme court, announced to his col-
leagues shortly before the adjourn-
ment of court Tuesday his prospective
marriage. Not until yesterday, how-
ever, was the name of his bride
learned or the details of his plans.
The associate justice was appointed
from Kansas and is well known
throughout the west. The wedding
is to be a quiet one, owing to a recent
death of a member of the bride's fam-
ily. She is Miss Emma Minor Mott,
for four years principal of the Morse
school, in Washington. The bride,
who is about fifty years old, was born
in New York and educated at Oswego
Normal school. The wedding will
take place at the home of the bride's
sister, at Burlington, Vt., next week,
and the tour will be to Lake Cham-
plain, where the judge has a summer
home. They will reside next winter
in Washington at 1413 Massachusetts
avenue. The bride is a member
of the First Congregational church
here, where the judge teaches the
Bible class. It was there they met.

WANT CANTEN RESTORED.

St. Paul, Minn., May 31.—By a
unanimous vote the Association of
Military Surgeons, in session here,
today passed a resolution in favor of
the repeal of the anti-canteen law.
The resolution recites that "the
abolition of the army post exchange
or canteen has resulted, and must in-
evitably result, in an increase of in-
temperance, insubordination, discon-
tent, desertion and disease in the
army," deplores the abolishing of the
"sold post exchange or canteen, and
in the interests of sanitation, moral-
ity and discipline, recommends its re-
establishment at the earliest possible
date."

George Deininger, a clerk at App's
shoe store, dislocated his ankle in a
fall from his bicycle yesterday and
will be confined to his home for sev-
eral days.

RAN AWAY ON HILL

THREE TROLLEY CARS IN A
WRECK.

ALL WERE HEAVILY LOADED

ONE MAN KILLED AND TWENTY-
FIVE HURT.

TWO OF INJURED WILL DIE

ACCIDENT OCCURRED NEAR
WILMINGTON, DEL.

Wilmington, Del., May 31.—Three
heavily-loaded trolley cars on the
New People's street railway ran
away while going down a steep hill
in this city early this morning, kill-
ing one man, fatally injuring another
and hurting twenty-five others more
or less seriously. Joshua Gillman,
who jumped from a window of the
car in which he was riding, fell
underneath the wheels and his body
was cut in two.

Elmer Jones, a conductor of one of
the cars, stuck to his post and when
the rear car crashed into the one he
was in charge of his legs and one
arm were broken and internal in-
juries were inflicted.

His death is momentarily expected.
Two of the cars were closed cars
and the other was an open one. Each
carried nearly 100 passengers re-
turning to the city from Brandywine
park. The line is a new one opened
yesterday and it is presumed the mot-
ormen were not yet familiar with the
heavy grade.

GIRDLING GLOBE ON WAGER.

New York, May 31.—On board the
Hamburg-American line steamer
Furst Bismarck, from Cherbourg, is
Henri Durot, a reporter of the Paris
Journal, who is trying for a record
trip around the world on a wager be-
tween his paper and the Paris Matin,
which is represented by M. Stiegler,
who travels east while Durot is bound
west. M. Durot left Paris at 8 a. m.
May 24 and embarked on board the
Furst Bismarck for New York. To-
morrow he will start for San Francis-
co, where he will take steamer for
Yokohama, going thence by rail to
Nagasaki, then by steamer to Vlad-
ivostok. From Vladivostok the
route will be covered by rail to
Khabarovsk, thence by steamer on
the Amoor river to Strickland, where
he will take a train through to Paris
by way of Moscow and St. Peters-
burg. M. Stiegler started yesterday
from Paris bound east.

MUTINOUS GUARDS PARADE.

Brussels, May 31.—An extraordi-
nary scene occurred in Antwerp yester-
day, when mutinous civic guards-
men paraded the streets singing the
"Marseillaise," while the police had
to be called in to protect the officers
from the revolting troops. There
had been friction for some time.
While drilling yesterday a guard-
sman in the ranks lit a pipe, and when
reprimanded for doing so insulted the
officer who administered the reprimand.
The guardsman was arrested,
whereupon his comrades broke ranks,
hoisted at their officers, and proceeded
to demolish property in the parade
grounds with the butt ends of their
rifles. Subsequently they paraded
the streets singing.

AFTER CARNEGIE'S CASTLE.

London, May 31.—A dispatch from
Bainburg says action has been in-
stituted by Sir Charles Sutherland to
set aside the purchase of Skibo castle
by Andrew Carnegie. The ground of
the objection has not yet developed.
Skibo castle was taken over by Mr.
Carnegie a couple of years ago and
he has resided there since then on the
occasion of each visit to this side of
the Atlantic. Though the name of the
plaintiff is given as Sir Charles
Sutherland, no such title is discov-
erable.

CAPTAIN KING FOUND GUILTY.

Mobile, Ala., May 31.—The sealed
verdict in the bribery case against
Former Captain and Quartermaster
Cyril W. King, U. S. A., returned
Thursday night, was opened in the
United States circuit court today. It
finds him guilty, as charged, of re-
ceiving money with the intent to in-
fluence his official actions.

BIRD GRIEVES TO DEATH.

Milton, Ind., May 31.—A pathetic
coincidence took place in connection
with the death and burial of Myrtle
Young, the seven-year-old daughter

of Reuben Young. The child died
two days ago of lock-jaw, caused by
running a nail in her foot. She pos-
sessed a pet canary that was accus-
tomed to perch on her hand and eat
from her fingers. Although the bird
was cared for it seemed to grieve
after its mistress' death, calling
plaintively until the morning pre-
ceding her burial, when it suddenly
fell dead. The dead bird was placed
in the casket and buried with its lit-
tle mistress.

NYE MAY SEEK HIGHER HONOR.

Laporte, Ind., May 31.—The democ-
racy of this state is confronted with
the rather unusual candidacy of ex-
Lieutenant Governor Nye, of this
city, for the nomination for governor.
Mr. Nye, in an interview published
at Indianapolis, says:

"If the party rides itself of the
financial heresy of free silver by 1904
I will be a candidate for the nomina-
tion for governor."

Mr. Nye has been an uncompromis-
ing enemy of free silver coinage ever
since the question was first brought
to public notice.

DISCUSSED HOME MISSIONS

EVANGELICAL SYNOD HEARS BI-
ENNIAL REPORT.

The Anniversary of Home Mission
Work to Be Celebrated—
The Proceedings.

Des Moines, Iowa, May 31.—At the
second day of the general synod of
the Evangelical church home mis-
sions was the first subject under dis-
cussion. The biennial report was
read by Dr. A. S. Hartman, secretary
of the board. The report of the
board of the National Lutheran home
at Winthrop heights, Washington,
D. C., was submitted by Dr. M. W.
Hanna, of Washington.

Greetings from the Reform Church
of the United States were given by
Dr. E. B. Herbrook, pastor of Trinity
Reform church, of Canton, Ohio.

Dr. D. M. Gilbert, president of the
board of trustees of the Tressler Or-
phans' home, of Louisville, Pa., was
submitted and adopted.

The anniversary of the home mis-
sion work will be celebrated tonight.
The First Lutheran church of Bal-
timore, Md., has invited the 1903
synod. No opposition has so far de-
veloped.

The sixtieth biennial report of the
board of home missions showed that
total receipts of the biennial, includ-
ing the balance on hand May, 1899,
were \$101,342. The cash on hand,
after deducting all expenses, is \$7,-
252.

The work of the biennium was be-
gun with an actual enrollment of
missions receiving aid of 137. To
these were added twenty-eight new
fields, making the total number as-
sisted by the board during the whole
or part of the time 165, an increase
of five over the preceding three years,
and the largest number ever aided in
any single biennium.

The twenty-eight missions enrolled
increased the obligations of the board
\$6,800, an average of \$243 for each
mission.

The number now receiving the aid
of the board is 147, which is ten more
than the number enrolled at the open-
ing of the previous biennium. The
report goes on to say:

In addition to these there are a
large number of appeals before the
board from many sections of the
field, asking its aid in occupying new
fields. Many of these are from
fields which give promise of great
importance and should not be refused.
But it goes without saying that it
is simply impossible to grant the aid
sought or any considerable part of
this new work with the present or-
dinary income of the board.

If the entire amount of the appor-
tionment would be contributed by the
churches it might be adequate for
present needs, but the experience of
many years prove that they must be
discounted about 25 per cent.

EXPLORERS ASSASSINATED.

Lima, Peru, May 31.—A telegram
from Cuzco received announces that
the French explorers, MM. Reveau
and LeMonier, have been assassinated
by an Italian named Ghanone in
the valley of Conventum. Ghanone
was afterward killed by savage In-
dians. No particulars of the tragedy
have been received.

REJECTS RESIGNATIONS.

Columbia, S. C., May 31.—Governor
McSwain has rejected the resigna-
tion of Senators Tillman and McLaur-
in to give them time to consider their
action.

IN QUAY'S STATE

STREET RAILWAY FRANCHISE
LAWS BEING RUSHED.

PASS SENATE IN RECORD TIME

WILL GIVE PROMOTERS BIG
GRANTS IN PHILADELPHIA.

SURE TO PASS THE HOUSE

MEANS ELEVATED ROAD FOR
QUAKER CITY.

Harrisburg, Pa., May 31.—The
senate this morning passed finally
the bill amending the passenger rail-
way act of 1899 to permit the con-
struction of a passenger railway in
any street not occupied at present,
and the bill providing for the erec-
tion of elevated and underground
railways.

These are the bills that were in-
troduced in the senate on Wednesday
after it became known that P. A. B.
Widener and William L. Elkins, the
Philadelphia street railway mag-
nates, had sailed for Europe.

Representatives of the Philadel-
phia traction interest came here and
pleaded in vain either for the defeat
of the bills or their postponement.
The extraordinary speed at which
bills of such great importance have
been rushed through the senate has
aroused widespread interest. Ten
minutes after their introduction they
were reported favorably from com-
mittee and they passed first, second
and third readings without the loss
of a moment's time, all amendments
being rejected. It is stated here
that they will be "railroaded"
through the house and in the hands
of Governor Stone for his action be-
fore the end of next week.

There is great mystery as to the
identity of the interests back of the
legislation. Nobody here knows who
is urging the passage of the bills,
though it is admitted that the Phila-
delphia streets are the ones most
desired.

The first bill is so drafted as to
permit the occupation of Broad
street, Philadelphia, which has thus
far been kept free of street car
tracks.

The senate broke all its records for
prompt action on legislation by pass-
ing the bills finally within less than
forty-eight hours after they were
introduced. They were called up
ahead of other measures on the cal-
endar at today's session of the sen-
ate and passed without debate by a
vote of 32 to 8.

They will, it is stated, be reported
from committee in the house on
Monday and read for the first time
at the evening session. The order
of business will probably be changed
by the rules committee to take up the
bills on Tuesday for second reading
and the following day for third read-
ing and final passage.

The promoters of the bills say they
will be promptly signed by Governor
Stone and that a corporation will
immediately be organized with a
large capital to take out a charter
for the erection of an elevated rail-
way system in Philadelphia and
suburbs.

They say also that the steam rail-
way companies are not antagonistic
to this legislation and that there
will be no organized opposition to it
in the house.

ABOUT THE COURT HOUSE.

Judge O'Rourke has returned from
Indianapolis and is holding court to-
day as usual. The case of "Red"
Hanlon, the Indianapolis pickpocket
arrested here four weeks ago, is on
trial today. The officials think they
have a clear case against him and are
confident of giving him a term in the
state's prison north.

The cases of Abraham Well vs. the
Wabash and Thomas Noble vs. A.
Oppenheimer were dismissed in the
circuit court.

In an old surety of the peace pro-
ceeding against Frederick Schorpf,
the defendant was discharged from
his bond.

Judge Aiken is still at Albion try-
ing a slander case and in consequence
the superior court is not in session.

The county commissioners will
meet tomorrow to transact miscellan-
eous business.

The new scale of wages to be paid
the court house employees will go into
effect tomorrow. All unskilled labor
will hereafter be paid for at the rate
of twenty cents per hour.

Sheriff Stout was at Baldwin this
morning, where he went to investi-
gate the circumstances surrounding the
shooting affair there last week.

He found the circumstances precisely
as detailed in The Sentinel at the
time. Mrs. Durham went to the
place last week and took possession
of the tent and other paraphernalia
of the show and will remove it to this
city this week. The doctor and his
paramour have skipped for parts un-
known and the other participants in
the fight live across the state line in
Ohio. At the request of a number of
the best citizens Sheriff Stout ap-
pointed Hilary Hoover special deputy
sheriff.

Hanlon alias Tom Delaney was
sentenced to one to three years in the
prison south by Judge O'Rourke to-
day after hearing the evidence in the
case, which was all one way.

Mattie W. Wood this morning com-
menced divorce proceedings against
John C. Wood. The complaint was
taken off file.

The court house employees will on
Sunday picnic at the farm of County
Commissioner Moudy, in Cedar Creek
township.

Thomas Delaney, this morning sen-
tenced to the reformatory at Jeffers-
onville, will be removed to that
place on Monday.

NASH WILL RUN AGAIN.

Columbus, Ohio, May 31.—The fol-
lowing statement was given out by
F. N. Sinks, private secretary to Gov-
ernor Nash: "Since the return of
Governor Nash from California some
doubts have been expressed as to
whether he would be a candidate for
renomination, owing to the condition
of his health. Some rumors have it
that the governor himself has posi-
tively declined to allow his name to
be considered. There is absolutely
no foundation for such doubts and
rumors. The governor stands today
in the same position he did some
months ago, when he said that if the
republican party desired to support him
with a renomination he would accept
it. There is no probability of Gov-
ernor Nash's health interfering with
the work of a campaign. The govern-
or is improving in a manner entirely
satisfactory to his physicians, and
they are confident of his early and
complete recovery."

UNITED STATES ALOOF.

Washington, May 31.—Having set-
tled upon the amount of indemnity
and the rate of interest to be paid
upon the bonds, namely, 4 per cent,
the ministers at Peking are now nego-
tiating respecting the difficult sub-
ject of guarantee. The Chinese plen-
ipotentiaries are not concerned at this
stage; the ministers must first agree
among themselves as to the method
of guaranteeing the loan, and this
task promises to be difficult of dispo-
sition. The United States govern-
ment is pressed by Russia and France
to make the guarantee international
and joint, but it is firm in its declina-
tion to do this, basing its arguments
upon constitutional limitations upon
the executive branch of the govern-
ment, which are not easy of compre-
hension to European minds.

CHICAGO MACHINISTS' STRIKE.

Chicago, May 31.—Chicago's ma-
chinists' strike began today. More
than 1,000 men quit in various shops
and factories because the employers
refused to sign the agreement sent
out yesterday for a 12½ per cent.
increase in wages and a nine-hour
day, and time and a half and double
time for all time over nine hours.
When the force of 280 machinists
gathered at the extensive works of
Fraser & Chalmers early in the
morning they were met by W. J.
Chalmers, who told them they might
as well go home if they expected him
to sign the agreement. The machin-
ists dispersed. Similar scenes were
enacted in many other plants, though
a few manufacturers signed the
agreement.

MRS. MCKINLEY SITS UP.

Washington, May 31.—Mrs. Mc-
Kinley passed a very comfortable
night and sat up for awhile this
morning. She is cheerful and is feel-
ing rested after her journey.

The physicians who are in attend-
ance upon Mrs. McKinley, after a
consultation this forenoon, issued
the following statement of her condi-
tion:

"Mrs. McKinley is recovering from
the fatigue of the trip. The illness
from which she was suffering in San
Francisco still continues, though in
less intense form. She is still feeble
and cannot be considered out of dan-
ger. Her progress will no doubt be
slow, but improvement is looked for."
"P. M. Rixey, M. D."
"Geo. M. Sternburg, M. D."
"W. W. Johnston, M. D."

SENT TO SUPREME COURT.

R. B. Dreibeiss today forwarded
to the supreme court the record in his
action to secure his seat as municipal
judge, and after the filing will pre-
pare his brief in the appeal.

BRITISH CUT UP

BOERS UNDER DELANEY BEAT
CLEMENS' FORCE.

HEAVY ENGAGEMENT FOUGHT

BATTLE TAKES PLACE NEAR
JOHANNESBURG.

BOERS SUFFERED HEAVILY

KITCHENER REPORTS FIGHT
WITH "REGRET."

London, May 31.—On the anni-
versary of Lord Roberts' entry into
Johannesburg the country has been
stirred by the receipt of news of
desperate fighting and heavy British
losses within forty miles of the Gold
Reef city.

The battle at Vladfontein, on the
Johannesburg-Johannesburg railroad, re-
ported by Lord Kitchener today, is
the most serious engagement since
General Clements' reverse at Magna-
lesburg. It shows General Delaney
is in no way daunted by the capture
of eleven of his guns by General
Babington six weeks ago. The gar-
rison of Vladfontein, apparently
largely composed of yeomanry, had
174 men put out of action. That
their assailants came to close quarters
and suffered heavily is shown by the
number of dead left on the field.

KITCHENER'S DISPATCH.

The dispatch from Lord Kitchener,
dated Pretoria, May 30, is as follows:
"General Dickson's force at Vlad-
fontein was attacked yesterday by
Delaney's forces and there was severe
fighting. The enemy was eventually
driven off with heavy loss, leaving
thirty-five dead."

"I regret that our casualties also
were severe. The killed and wound-
ed numbered 174. Four officers were
killed."

A TYPEWRITER EXPERT.

Master Charles Middendorf, of Chi-
cago, is in the city today, and this
morning the young man gave an ex-
hibition of typewriting on a blank
keyboard machine before the students
of the International Business col-
lege. He is here with Frank Ruther-
ford, manager of the New York of-
fice of the Remington Typewriter
company, and the exhibition was
made on one of the blank keyboard
machines of that make. Master
Middendorf is a past master of the
art of typewriting, taking several
letters from dictation at the rate of
about seventy words a minute, and in
five letters there were but six errors,
due only to the slowness of the ma-
chine. Mr. Rutherford is engaged
in furthering the use of the letterless
keyboard system of teaching type-
writing in the various business col-
leges and other schools where type-
writing is taught, and he is of the
opinion that the method will supplant
the old system in a very few years.
Master Middendorf is one of the
swiftest operators in the country and
has a record of ninety-eight words
a minute on a machine.

BLOODY RIOTS IN RUSSIA.

London, May 31.—According to a
dispatch from St. Petersburg today
it appears that the conflict at Alex-
androvsky, in the vicinity of St.
Petersburg, between the strikers at
the Obuchoff Iron works and the au-
thorities May 20, when about 3,500
rioters attacked the police, had much
more serious results than was ad-
mitted in the police report of the af-
fairs issued May 21. It was then
said that after twelve of the police
had been injured they were reinforced
by soldiers, who fired three volleys,
killing two men and wounding seven.
The relatives of the strikers declare
that forty of the men were killed and
that 150 others were wounded. A
reliable witness says he saw four van
loads of wounded persons covered
with blood, and another spectator de-
clares he saw two tug loads of wound-
ed taken to the hospital.

DIED AT THE DRIVING PARK

**NICHOLAS W. HESS SUCCUMBS
TO HEART TROUBLE.**

Baggage-master Patrick O'Meara
Passed Away Thursday Evening
—Other Mortuary Matters.

In the presence of the holiday
crowd gathered at the Driving park
Thursday afternoon to witness the
bicycle races, Nicholas W. Hess was
suddenly stricken by heart trouble,
and within fifteen minutes was dead.
The sad event caused the greatest ex-
citement.

Mr. Hess was sixty-nine years of
age and resided at 51 Elizabeth
street. About 2:30 o'clock, appar-
ently in good health, he left his home
and rode to the Driving park on his
bicycle. Standing beside the track
waiting for the races to start, Mr.
Hess suddenly sank to the ground
helpless. Bystanders carried the
prostrate man into a stable near by
and physicians were summoned, but
the patient relapsed into unconscien-
sness and expired a few minutes later.
Coroner Barnett was notified and the
remains were removed to the Peltier
undertaking establishment, where a
postmortem by Dr. E. Von Sweringen
and Coroner Barnett revealed that
death was due to a blood clot upon
the right side of the heart.

The deceased had been a resident of
Fort Wayne for many years. He
was born in Hesse-Darmstadt, Ger-
many, in 1832, came to America with
his parents when but a mere child and
lived for a time at Crestline, Ohio.
While still a young man, Mr. Hess
came to this city and in 1855 was an
employee of Redd's plough works.
Afterwards he became connected with
Reinhardt's carriage works as a
woodworker, which position he filled
at the time of his death. The sur-
vivors are the wife and five children:
Mrs. E. W. Bashier, Mrs. A. C. St.
Clair, William H. and Frank J., all of
Chicago. Mrs. Wilson Yagerlehner,
another daughter, is a resident of this
city.

FETTERS.

Some time during the morning
hours today Mrs. Anna Mary Feters,
eighty-eight years of age, died at the
home of her son, William Feters, at
34 Summit street.

Though enfeebled by age, Mrs. Feters
seemed to be in usual health, and
when members of the family entered
her room at 9 o'clock this morning
she conversed with them, telling
them she did not care to arise for
some time. At 10:30 they again
called her and found her dead in bed.
Coroner Barnett made an investiga-
tion and says that death was due to
old age.

Mrs. Feters was a native of Ger-
many. Two sons, William and Mar-
tin Feters, survive her.

The funeral arrangements have not
been completed.

O'MEARA.

Patrick O'Meara, for twenty-four
years a baggage, mail and express
agent on the Lake Erie and Western
railroad, died shortly after 9 o'clock
Thursday night at his home, 170
West Fourth street, from kidney
trouble, at the age of forty-two years.

Mr. O'Meara had been in rather
poor health for some time, but no
serious results were apprehended un-
til Wednesday evening, when he was
taken seriously ill while on his train
en route home from Maumee. Mr.
O'Meara leaves a widow and four
children. He was widely known and
was regarded as one of the most ef-
ficient employees of the Lake Erie and
Western company, popular alike
among his fellow employees and ac-
quaintances generally.

He was born in Hagerstown, Md.,
but had resided in Fort Wayne many
years; was a member of the Church of
the Precious Blood, of Branch 103,
Catholic Knights of America, and of
St. Joseph's Benevolent society.

MATTES.

Nicholas Mattes, sr., residing at
59 Force street, died Thursday after-
noon from kidney trouble.

Mr. Mattes was born in Germany,
but had resided in Fort Wayne twelve
years. Surviving are the widow and
six children.

Funeral services will be held Sat-
urday morning at 9 o'clock from St.
Peter's Catholic church, of which he
was a member.

STEWART.

Robert F. Stewart died at 6 o'clock
Thursday evening from dropsy at his
home, 138 Harrison street, at the age
of forty-two years. Mr. Stewart was
a carpenter by occupation, but has
recently been employed as an agent
for the Union Pacific Tea company.
He leaves a wife and four children,
besides three brothers and three sis-
ters. The remains will be shipped to
his former home at Rushville, Ind.,
for interment.

FUNERAL ANNOUNCEMENT.

Bicknese.—Funeral services of

Frederick C. Bicknese will be held
Sunday afternoon at 2 o'clock from
the residence, 171 East Lewis street,
Rev. Miller officiating.

ABOUT THE CITY HALL.

The board of works met last night
in regular session, but had little im-
portant business before them. A pe-
tition was filed asking for the grad-
ing of Creighton avenue, from Wal-
ton avenue to Euclid avenue. The
street between the points named is
little but an open commons and the
improvement is evidently needed.
Plans for an alley sewer between
Pontiac and Leith streets were or-
dered and the assessment roll for
benefits and damages accruing from
the vacation of the alley between
Koch and Short streets was con-
firmed. There was no other business
before the board and an early ad-
journment was taken.

Tomorrow is regular monthly pay
day at the city hall for all depart-
ments except streets and parks,
which were paid off yesterday.

Dr. A. H. MacBeth, the newly ap-
pointed city bacteriologist, took pos-
session of his office today and there
was a general housecleaning. Nearly
all the apparatus in the health office
is the private property of Dr. Drayer
and when the operation of moving
was completed, there was little left
except the desks and the paint on the
walls. Dr. MacBeth, however, has a
thoroughly equipped laboratory of
his own and as soon as the apart-
ments are properly cleaned up he will
move in. Miss Heffelfinger will prob-
ably remain as office clerk, but Dr.
MacBeth has as yet made no other ap-
pointments and has given no hints as
to what, if any, changes he will
make. He has the appointment of
the sanitary policeman, but his ap-
pointments must be confirmed by the
board of safety, so it is not likely
that he will make any announcements
until after a conference with the
board at the next regular meeting on
Tuesday evening.

William Wietfeld has been granted
a building permit to erect a dwelling
house on Rockhill street, to cost
\$1,200.

This is the last day of grace ex-
tended to Contractor Adams and the
new contractors, Messrs. Peter and
Derheimer, are preparing to com-
mence work on the South Wayne
sewer on Monday morning.

The mayor's new order regarding
the closing of saloons promptly at
midnight was most thoroughly
obeyed last night, none of the of-
ficers having a single complaint to
make. The tenor of the mayor's last
order was unmistakable and there
was left no room to doubt that he
meant exactly what he said.

Work on East Main street was sus-
pended yesterday so as to allow the
street car company to have uninterr-
upted service for handling the De-
coration day crowds.

A report was sent into the police
station that two small boys had
strayed away from their home at 207
East Wayne street. The names of
the boys were not reported.

Mayor Berghoff this morning left
for Chicago, to be absent a day or
two on personal business.

THE RHYTHM OF EARTHQUAKES.

Earthquakes have their pitch, and
if persons living in lands of seismic
disturbances will build their houses
out of tune with mother earth's shiv-
ers they will be comparatively safe.

This is what John Milne, or
"Earthquake Milne," as he is called,
says. Mr. Milne is the principal
member of the seismic section of the
Royal society, and has for a long
time been studying earth vibrations
at Newport, Isle of Wight, where he
has instruments so delicate that they
automatically record vibrations so
slight that it is impossible to detect
them in any manner with the senses
alone. His records show that the
whole earth shivers every fifteen sec-
onds.

By means of this "horizontal pen-
dulum," as he calls them, he has as-
certained the pitch of earthquakes,
and so advises that buildings be out
of tune with them to insure protec-
tion, but different portions of the
building should have the same pitch,
or our earthquake disturbance will be
sure to injure them. In earthquake
countries he advises deep ditches
around houses to cut off the ripples
along the earth's surface.

Mr. Milne has made yet another
discovery, and says he has demon-
strated that the interior of the earth
is neither hollow nor liquid, but is
marvellously rigid, even more rigid
than cast steel or the finest glass.
He says that his horizontal pendu-
lums have registered vibrations that
have traveled through the very
center of the earth, and at a rate
much higher than if the globe's in-
terior were more dense than the most
rigid mineral known.

As he says, vibrations do not travel
rapidly through gases or fluids, and
very much more rapidly through
dense materials. They travel through
glass as quickly as through any sub-
stance scientists know of, but
through the earth's interior they
travel two and one-half times as fast
as through glass.

It is not so important as interesting that Carrie Nation and Caryl Browne, of Coxy army fame, are edifying Kansas audiences with a series of joint debates.

Lord Kitchener again has occasion "to regret" as he reports to the British war office a severe engagement in which General Clements' force was badly cut to pieces by the Boers. The end of the war appears to be a long time getting in sight.

The legislature of Wisconsin proposes to violate the federal constitution by imposing an export tax of ten cents per ton on all ice sent out of the state, and the Chicago ice dealers propose to take advantage of this opportunity to raise the price of ice. The Wisconsin lawmakers will probably be taught a lesson, but their blunder will have served its purpose so far as the ice-men are concerned.

After a year in China have the soldiers of the allied powers impressed the Chinese that there is anything in western civilization that is particularly to be desired as an adjunct to oriental civilization? The reports of looting, brutal outraging of women and girls and wholesale violation of every obligation the foreign troops

were present in China to serve are unfortunately too well founded to be denied. However, the fact is well sustained that American soldiers, save in isolated instances, had no part in the outrages so frequently reported. The allied troops are leaving China, but the memory of them will long abide with the Chinese.

In order to add \$1,000,000 to the appropriation for the construction of the new Pennsylvania state capitol at Harrisburg, it is proposed to cut short by the same amount the appropriation for the common schools. This may be the Pennsylvania idea of wise expenditure of money, but it is most fortunate for the United States that such an opinion has never generally prevailed. Liberal expenditures for public education have done more than anything else to make this nation truly great.

The arrangements made by the powers for the government of Peking after the transfer of the administration to the Chinese provide that Prince Ching shall be the chief acting military governor. The choice is undoubtedly the wisest that could be made. Through all the Chinese trouble Prince Ching has shown his friendliness to the foreigners, and he has also displayed the qualities of progressiveness and energy. It is to his credit that he has endeavored by every means in his power to secure the best terms for China from the allies and has never given any indication that he would sell out his country in order to curry favor with the foreigners. Such a man can be trusted.

An English medical commission, consisting of five physicians, two surgeons, an army surgeon, five "general practitioners" and a professor of bacteriology, has just decided, after long investigation and debate, that the alleged tendency of the children of drunkards to become drunkards themselves does not in truth exist. The commission has failed to discover any evidence that "acquired characters of any kind are heritable." This will create considerable surprise and a great deal of adverse criticism, but the latter may be modified by the fact that the commission further holds that "drunken parents who become thus mentally and physically weak are liable to have children who are degenerate." In other words, the children of a drunkard may be worse than a drunkard. There can be no encouragement to drinking in the statement of that fact.

SKELETONS BY HUNDREDS.

Toronto, Ont., May 31.—On the farm of Andrew Dean, at Jordan, Ont., there has just been plowed up over 500 human skeletons. No record in history accounts for such a find. There is no account of a battle in that neighborhood. Skulls are found from that of an infant to the fully developed one of an adult, so

it must have been a whole village destroyed by some ruthless enemy. But who were they? There was no settlement of white people there to be destroyed and before the advent of the white men two great tribes of Indians—the Hurons on the west and the Iroquois on the east—had agreed by treaty to recognize this territory between the two great lakes from Niagara extending westward about forty miles as neutral territory. Before that they had warred over this section, but as neither could hold possession there was no village of either tribe to account for such a wholesale slaughter as this had been.

RATS MATCHES AND DIES.

Dunbar, Pa., May 31.—In a strange land, without friends, Mrs. William Alsop committed suicide by eating 1,000 match heads. She came to this country three weeks ago and located at this place. Her husband, William Alsop, had employment, but disappeared, leaving his wife in dire circumstances. Mrs. Alsop was taken to the poor house, but when she learned the nature of the institution she left it. Her husband returned, but gave no satisfactory reasons for his absence. Mrs. Alsop told acquaintances that in view of the fact that her husband might desert her again she could not live. On Monday she ate a number of match heads, but her life was saved. Again she came to town, purchased two boxes of matches and went to her home and ate the heads. She was dead when found.

STRIKING THE RIGHT SPOT

THAT'S THE GREAT SECRET OF FORT WAYNE PRAISE GIVEN TO DR. A. W. CHASE'S NERVE PILLS.

There come times to every life when a lack of strength, failing appetite, poor circulation, weak heart action and many other symptoms may break in. They are not diseases—the person may not be laid up until they have existed a long time. The influence of Dr. A. W. Chase's Nerve Pills is to create nerve force and immediately people find themselves getting well, because nerve force controls every vital organ of the body.

Mr. John Mooney, of No. 186 Lafayette St., Fort Wayne, Ind., says: "Dr. A. W. Chase's Nerve Pills are a splendid medicine. My heart was very irregular, due to excessive tobacco using. The nervous system itself was profoundly impressed by the tobacco. I was told of the Nerve Pills and got some at Myer Bros. & Co.'s drug store, No. 14 Calhoun St. The medicine so toned up the nervous system and strengthened me that the heart action became steady and strong—something it has not been for a long time. I am greatly pleased with the medicine."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

MR. RAMSEY WILL GO HIGHER

O. D. ASHLEY WILL RESIGN JUNE 20.

Mr. Ramsey Will Become President of the Wabash—Ashley for Chairman.

New York, May 31.—The Mail and Express says: "O. D. Ashley will, at the next meeting of the Wabash board of directors, resign the presidency, and Vice President and General Manager Joseph S. Ramsey will be elected to succeed him. The meeting was called for June 8, but has been adjourned until June 20. Mr. Ashley's resignation was entirely voluntary. He is to be made chairman of the board, a position which will be created for his benefit. The extension of the Wabash to Pittsburg is being managed largely by Mr. Ramsey, and will be accomplished just as soon as the necessary authority from the board of aldermen of the city has been obtained."

FRIGHTENED INTO A FAINT.

Mrs. Fox, of Kinsey, Ind., an aged lady who has been visiting her daughter, Mrs. Tegmeyer, at 77 West Superior street, suffered a severe fainting spell as the result of fright Thursday afternoon. An Italian with a street piano and a monkey attired in fanciful costume were grinding out melody and harvesting nickles along Superior street. Mrs. Kinsey was seated upon the porch at the Tegmeyer residence, when the monkey, trained to collect coins, suddenly jumped into her lap. The aged lady was so badly frightened that she fainted and it required prompt efforts to restore her to consciousness. She is now out of danger.

SMILEY GIVES TESTIMONY.

Chicago, May 31.—Frank H. Smiley, who has confessed to conspiring with Dr. A. M. Unger and F. W. Brown and Miss Marie Defenbach in an effort to swindle various life insurance companies which held policies on Miss Defenbach's life, was the chief witness at the trial of Dr. Unger and Brown today. Smiley told how he was hired to pose as Miss Defenbach's promised husband. He said he was to be paid \$1,000 and that Miss De-

fenbach urged him that she would die soon after heart disease. She said she wanted her insurance to go to her friend, Dr. Unger.

SANG AS THEY MARCHED AWAY

EVANGELISTS TAKEN TO POLICE STATION.

Were Blockading Thoroughfare and Defied the Police Authorities This Afternoon.

Three street evangelists, preaching at Berry and Calhoun street this afternoon, soon gathered a crowd so dense that the sidewalk in the vicinity of the New Avenue hotel was blockaded and disregarded the orders of the police to seek other quarters.

Lieutenant Lapp and Officer Dickson marched the evangelists to the police station, the preachers lustily singing hymns as they marched away, followed by a curious crowd of small boys. At the police station the men were warned not to blockade the sidewalks again and were then released.

The evangelists claim to be "old-fashioned Methodists," and came to the city from Decatur.

THE HOME OF THE FUED.

Nowhere is the feud so common, so old, so persistent, so deadly, as in the Kentucky mountains. Nowhere else is there such organization, such division of enmity to the limit of kinship. About thirty-five years ago two boys were playing marbles in the road along the Cumberland river—down in the Kentucky mountains. One had a patch on his trousers. The other boy made fun of it, and the boy with the patch went home and told his father. Thirty years of local war was the result. The factions fought on after they had forgotten why they had fought at all. While organized warfare is now over, an occasional fight yet comes over the patch on those trousers and a man or two is killed. A county as big as Rhode Island is still bitterly divided on the subject. —Scribner's Magazine.

Our \$10 Suits

Gifts to Boys

Won't you call and see the Suits that we sell for \$10?

We mention \$10 Suits because they are easy to compare. You can see that they are better than common \$10 Suits—better than most of the \$12.50 Suits.

Look at them and then look elsewhere. We know you'll come back.

You cannot know that we are cutting prices unless you compare.

And remember that we press and repair the suit while you wear it. That alone is worth the price of the suit if you keep your clothes in trim.

Yet we save you from \$2 to \$5 per suit besides that.

We have the trade of the city in Boys' Suits. But there is more good will than profit in it.

We have made this line a specialty; carried enormous stocks; secured every attractive style; made prices too low on them.

We have done it to get the good will of the parents through the boys, and we are doing it yet.

And every boy gets a gift—a Camera, a set of Boxing Gloves, a fine Knife or a Boat.

The Russian Blouse, the new Sailor Suits, the Norfolk—your will find them all here.

And the cost will be lower than in any store in Fort Wayne.

Wolff's \$1 Shirts

The Wayne is a hat that we had made to our order—made as well as a hat can be.

The quality is the same as in \$5 hats; the shapes are the same. The difference is \$2 and the name in the top.

We have hats in new shapes—hats that hold their color—as low as \$1.50. A splendid hat for \$2. But for \$3 we sell you the best hat man can make.

We have had a line of Fancy Shirts made to our order—made under our name—to save you 50 cents each on them.

For \$1 we sell you the same grade of shirt as we sell for \$1.50 under another brand.

No difference in the quality. You simply avoid paying 50 cents for fame—for an advertised name. That 50 cents alone will buy a very good shirt here.

RACES AT THE DRIVING PARK

INTERESTING CONTESTS AT MILE TRACK.

Bicycle Events Witnessed By Crowd of About Twelve Hundred—
Mr. Holzhauser Hurt.

The bicycle races at the Driving park yesterday afternoon under the auspices of the Bicycle Dealers' Protective association were the best ever held in Fort Wayne and notwithstanding the chilly weather about 1,200 people witnessed the events. The track was in perfect condition for fast work, but the future of the riders to make good time was due to a stiff west wind which hindered speed on the back stretch. The prize list was the most attractive ever offered for bicycle races in this city, and as a result the best riders in the city were entered. The contests were close and interesting and the spectators forgot the chilly atmosphere in the excitement attendant upon the close finishes.

A summary of results follows:
Mile novice race—Won by Thomas Copnick; Louis B. Streifling, second; Leonard Dub, third, and Chester Nathan, fourth. Other entries were Nelson William Webster, Otis Uran, C. L. McClellan, Louis Weimer, Harry Taylor, A. L. Knox, G. Byers, Henry Wehr, Grover Scheld.

In the mile open race a time limit of 2:35 was placed on the riders, and they failed to finish within the limit, the best time in the first heat being 2:03. In the second heat the riders were paced to the three-quarter mile pole by Harry Pickard on his motorcycle and they finished in 2:33. Henry Kannever was first, Frank Rahn, second, Ralph Reiman, third, Harry Cronin, fourth, A. G. Holzhauser, fifth, Mr. Holzhauser was leading the bunch on the home stretch, but he was thrown about ten rods from the tape.

The half-mile race for boys under 15 years was won by Earl Ambler in 1:33. James Porter was second, Earl Ambler third and Leon Longmire, fourth.

The motorcycle race between Henry Kannever and Harry Pickard was declared off on account of the failure of one of the machines to work.
The event of the day was the ten-mile handicap race, in which thirteen riders participated. There were thirteen entries, but Messrs. A. G. Holzhauser, P. E. Hess, Otis Uran, A. L. Knox, Nelson Baker and Nelson William Webster withdrew.

In this race, owing to errors in timing, it was decided to take the results under consideration and matters will be straightened out in a day or two. Place prizes were awarded as follows:
First, Grover Scheld; second, George Deorby; third, Henry Wehr; fourth, G. Metcalf; fifth, J. H. McMillan; sixth, Harry Crance; seventh, E. B. Potter; eighth, Harry Taylor; ninth, Louis Weimer; tenth, Henry Kannever; eleventh, George Byers; twelfth, John Richards.

WILHELMINA IN BERLIN.

Berlin, May 31.—Queen Wilhelmina and her husband, the prince of the Netherlands, witnessed the emperor's review of the Berlin garrison today. The queen afterwards drove to the royal castle with the empress, the emperor riding at the head of the First Guard regiment, with the prince of the Netherlands on his right hand. On returning the procession was met on Unter den Linden by the chief burgomaster, the city officials and a band of twenty-four white-robed maidens. The burgomaster presented an address to Queen Wilhelmina and handed her a bouquet of flowers of the Netherlands colors, red, white and blue. The queen replied with a few words of thanks.

HANGED FOR ASSAULT.

Baltimore, Md., May 31.—Willey Kirk, colored, 18 years old, was hanged at Towson, Baltimore county, today, for criminal assault on a white woman.

MURDER BECOMES VIOLENT.

Kokomo, Ind., May 31.—Mr. August Schmidt, the wealthy and energetic German baroness, who ten years ago killed her tenant, Oscar Walton, and who a few weeks ago was released from the woman's reformatory, became violent here yesterday, terrorizing the neighborhood. She went around carrying a flag in one hand and a club in the other. A lunacy trial will be held today. Since serving her term, Mr. Schmidt, whose fortune was eaten up in attorneys' fees in an effort to escape punishment for killing Walton, has lived in seclusion on a little farm near this city.

BRITISH LEAVE CHINA.

Tientsin, May 31.—General Cummins, with the last of his brigade, left for India today. A number of officers are filling the holes. Many of these are Germans who are about to leave China. All the sick are being shipped away. Eighteen transports are now at Taku and more are expected.

WOMAN FATALITY BURNED.

Elkhart, Ind., May 31.—Mrs. Benjamin Beckel was horribly and fatally burned last evening, her whole body being literally roasted. She was reaching up to a shelf and knocked over a bottle of turpentine, which fell on the kitchen stove and ignited, setting her clothing on fire. Before help could be sent her the flames had consumed practically all her clothing. Her six children were witnesses of the accident. The oldest, a boy of 14, was badly burned while fighting the flames.

TO PROTECT WOOL INTERESTS.

Denver, May 31.—In pursuance of resolutions adopted at the annual convention of the National Live Stock association in Salt Lake City, recently, President John W. Springer has appointed a special committee to work for the enactment of a law by congress which shall provide for an inspection of wool products and had authorized tins to label their products as all wool or part cotton or part shoddy, as the case may be. The committee consists of C. O. Stocklagger, of Boise, Idaho, chairman; co-secretary T. C. Powers, Helena, Mont.; Mortimer L. Lafferty, Salt Lake City; E. S. Gooney, Flagstaff, Ariz.; and Deight Lincoln, Milford Center, Ohio.

POLICE CHIEFS ELECT.

New York, May 31.—Major Richard Sylvester, of Washington, D. C., was elected president of the National Association of Police Chiefs today by a vote of 51 to 40. Deputy Police Commissioner William Devary, of New York, was elected vice president. Devary's selection was by acclamation. Harvey O. Case was re-elected secretary and treasurer. Those chosen on the board of directors are Chief E. J. Donohue, of Omaha, and Benjamin Howard, of Richmond, Va.

The association voted to meet next year in Louisville, Ky. Commissioner Henshell, of Cincinnati, read a paper on the "Police of London." As a preface he made a plea for the larger liberty of the citizens and contrasted conditions in the German cities, where everything is open Sunday, with Glasgow, where he found it impossible to buy even a cigar on Sunday. "What may have suited pastoral times and towns," he said, "is not suitable for the present times and great cities."

Mayor Jones, of Toledo, addressed the convention. "I'm glad to be with you," he began. "I always like policemen when they are not trying to arrest any one. I was especially pleased to be here to hear Mr. Henshell's plea for a larger liberty and to observe that most of you applauded his sentiments. Too much restraint is worse for the average city than too much liberty. I hope to see the efficiency of a policeman measured by his service to the people. I hope to see the time when each policeman will know it is his duty to make it easy for the good to be good and hard for the bad to be bad."

PLANNED GIGANTIC FRAUDS.

Washington, May 31.—Frederick D. H. Engley, a conductor on the Washington Traction company's line, and his brother, Samuel E. Engley, of Hyattsville, Md., whose arrests yesterday on charges of forgery revealed an alleged plot for flooding the city with bogus car tickets, were arraigned and waived examination. The police had received a callgram from the authorities of Glasgow, Scotland, announcing that they had recovered the plates on which the bogus tickets were struck and that among them were recovered 40,000 sheets of tickets aggregating 240,000 tickets. The plates of each of the two men was fixed at \$5,000, which they were unable to furnish.

WERE SWEEPED OVER THE DAM

SEVEN OF A PARTY DROWNED IN THE SCHUYLKILL.

Lost Control of Their Boat and Went Down on the Rocks—Five of the Victims Were Young Girls.

Philadelphia, Pa., May 31.—A rowboat containing a merry party of eight young persons was swept over Flat Rock dam in the Schuylkill river, yesterday afternoon, and seven of them—five girls and two boys—were drowned. The victims, all of whom were Philadelphians, were: Florence Denmore, aged 19; Mabel Kennedy, 17; Maud Rutter, 19; Mattie Sullivan, 21; Florence Bond, 21; Bertram Osmond, 10; Roy Ricker, 18. The young man saved is John Moore, aged 21.

The party started out for a picnic early yesterday morning and pitched their camp at Rese Glen, along the Schuylkill river. The party separated after dinner for a row on the river, and those above mentioned decided to go in one boat. Heavy rains during the past week had made the muddy stream quite high and the current was much swifter than usual. However, the unfortunate party immediately stuck out for midstream.

All the girls were huddled in the stern, one of the boys was rowing and the others were sitting on the bow of the boat. After getting in the middle of the river and feeling the current too swift for comfort the boat was rowed in toward shore. During this time it was carried slowly down stream. The boy doing the rowing decided to go through the locks, and as he approached the dam he was halted by the lockkeeper not to approach any closer. The warning was not heeded and the young carman kept on rowing until he found that the lock was closed. He attempted to turn the boat which was then about fifty feet from the dam and twenty-five feet from shore, but he turned the wrong way. A moment later the boat was in the swiftly-moving current. Realizing then, for the first time that they were in danger, the girls began screaming and the carman lost control of the boat. Swiftly it was carried toward the brink of the falling waters, and just as it reached the breast of the dam, over which thirty inches of water was passing, the entire eight stood up and the boat went over stern first. The drop to the rocks below is approximately twelve feet.

The boat struck the water bottom up, and as it disappeared the whole party was under it. Nothing more was seen by the few persons who saw the accident: for almost a minute, when the boat resurfaced with one boy clinging to its side. Then one of the young men was seen to come to the surface and make a frantic effort to reach shore by swimming. The five girls and the other boy never rose to the surface. The boy who was swimming, and who proved to be Osmond, became exhausted and sank before he could be rescued. Moore, the other boy, who was clinging to the boat, floated fully half a mile down the river, and his rescuers had an exciting time before they landed him in another boat. He was greatly exhausted and was slightly injured by the falling of the boat. Up to a late hour last night none of the bodies of the victims had been recovered.

DUEL WITH REVOLVERS.

Memphis, Tenn., May 31.—William Wooten was shot to death by his brother, Jesse P. Wooten, at 1 o'clock yesterday afternoon, on Auction street, near Front, in a duel with pistols at close range. Jesse Wooten received two wounds, one in the right shoulder just below the collar bone, and the other on the top of his head. He is not seriously injured. Jesse fired five shots at his brother, and every one of them took effect about the head and body. When he had emptied his pistol his brother lay almost at his feet dying. Jesse made no effort to escape. The tragedy grew out of some family troubles the exact nature of which is not known.

BRILL IS AGAIN ARRESTED.

Laporte, Ind., May 31.—Joseph W. Brill, of Cleveland, was arrested here last night on his return from Chicago by Deputy Sheriff Wells on a bill voted by the grand jury charging assault with intent to murder Ellsworth E. Weir. The first grand jury action was 70 years of age when he was promoted to the rank of brigadier general for faithful and meritorious service during the civil war.

GENERAL WILSON DEAD.

New York, May 31.—Brigadier General Thomas Wilson, U. S. A. (retired), is dead. The funeral will be held at the Madison Avenue Reformed church tonight. General Wilson was 70 years of age when he was promoted to the rank of brigadier general for faithful and meritorious service during the civil war.

MUSICAL AT ST. AUGUSTINE.

Thursday evening the boarders of St. Augustine gave a delightful musical in the handsomely decorated music hall of the academy. The festivities were in celebration of Decoration day and an appreciative audience was present to hear the excellent program, which was as follows:
Orchestra:
Mandolin—Misses Hoke, Pangratz and Minor; violins—Misses Krumlauf and Goldstein; guitar—Miss Milliken; piano—Misses Keenan and Tinker.
Song—"Holy City"..... Miss Mary Shortall
Song—"A Victim of One Hundred and Seven Fatal Maladies"..... Miss E. Goldstein
Song—"Fisher Boy"..... Miss Rose Milliken
Song—"Columbia's Exile"..... Miss E. Goldstein
Song—"Daisy's Evening Prayer"..... Miss K. Keenan
Song—"Riplette"..... Miss K. Keenan
Violin, Miss E. Goldstein; piano, Miss H. Minor.
Chorus—"The Blue and the Gray"..... The Boarders
The music was well selected, while the songs and recitations were warmly applauded.
"Columbia's Exile," a recitation by Miss E. Goldstein, was one of the most striking numbers on the program. As an oratorist the speaker possesses a rare dramatic style that does not fail to elicit the admiration of all. Miss Goldstein is also an accomplished violinist.
At the conclusion of the program Rt. Rev. Bishop Alexander delivered a very fine speech and was followed by Rev. Father Roche, who also thanked the young ladies for the evening's entertainment and congratulated them on their progress in music.

PRESIDENT MEYER SAYS SO

THE IMBROGLIO NEAR THE FINISH STAGE.

ELLIS FIRM IN HIS STAND

DETERMINED NOT TO GIVE UP DUNDON.

Grand Rapids, Mich., May 31.—The prospects are that the Grand Rapids Western association base ball franchise will be transferred by President William Meyer from Manager "Deacon" Ellis, of Grand Rapids, to Wheeling, W. Va.

Ellis remains firm in his determination not to give Infielder Dundon to Kansas City, of the Western league, as he has been ordered to do, and President Meyer today took an equally firm stand, declaring that the games today and tomorrow with Toledo would be purely exhibition games and then he himself would take charge of the franchise and men, probably transferring them to Wheeling.

SHAMROCKS DEFEAT BATTLE CREEK.

At Battle Creek, Mich., yesterday afternoon, the Shamrocks defeated the Battle Creek professional team. The Fort Wayne boys played phenomenal ball, playing an errorless game and hitting for sixteen safe ones. Robbins was a puzzle for the Michiganans in the box. His control was fine, and the best hitters on the Battle Creek team could not find him. The infield work of Smith, Cherry, Ruddy and McDuffy was fast, while in the outer gardens everything was captured. Three pitchers took turns on the slab for Battle Creek, but they all looked alike to the Shamrocks. The score:

Shamrocks, 13 10 0
Battle Creek, 2 0 0

Batteries—Robbins and O'Meara; Teal, Whitford, Patterson and Heaney.

BASE BALL NOTES.

McDuffy made six hits in the two games at Battle Creek.

HAAS PROMOTED

MADE ASSISTANT TO PRESIDENT

L. F. LOREE.

APPOINTMENT IS A SURPRISE

MR. HAAS FORMER FORT WAYNE
CITIZEN.

MACHINISTS RETURN TO WORK

EVERY MAN BACK IN THE
PLACE HE VACATED.

President L. F. Loree, of the Baltimore and Ohio road, has called L. G. Haas to his assistance. Mr. Haas has been superintendent of the Erie and Pittsburgh division of the Pennsylvania lines for two years. He will enter upon his new duties at once. News of the appointment first reached the local officials this morning through an Associated Press dispatch published in the morning papers and it created great surprise and considerable favorable comment. Mr. Haas is well known to the local railway men. For awhile he was stationed in this city, being assistant to Engineer of Maintenance of Way E. G. Erickson. He was appointed maintenance of way engineer of the Erie and Ashtabula division three or four years ago and soon afterwards was appointed superintendent. He is a graduate of a polytechnical institute and in addition to an excellent education, he possesses the qualities most essential to a successful railway man. The transfer of Mr. Loree is also a matter of unusual interest in railway and financial circles, and the metropolitan papers continue to make it the subject of much comment. Mr. Loree was very comfortably situated in the Pennsylvania roster, and it is a matter of surprise to many that he should consent to be transferred to the Baltimore and Ohio. In this connection the Indianapolis Journal of today's date says:

"Mr. Loree was in Philadelphia last week and had a long talk with President Cassatt, and it was the expressed wish of the Pennsylvania president that induced Mr. Loree to accept. He did not care to be divorced from the Pennsylvania service, but it was made plain to him that he was expected to improve the service on the Baltimore and Ohio, and that he would be associated with some of his former friends in the board of directors. Daniel Willard, acting general manager, is to retire and it is understood that Mr. Loree will take one, or perhaps two, men off the Pennsylvania with him, one for general manager and the other for assistant; both places will be vacant tomorrow. Possibly they may remain open a few days, because good men must be selected. Mr. Loree is a man of great capacity and ability. He is 43 years old, ambitious and energetic. Locally there is much interest felt in the advance of Mr. Loree. On leaving college he was admitted to the bar, which he abandoned to enter the engineering corps of the Pennsylvania in 1877. From 1879 to 1881 he was transit man in the United States army engineering corps, and from 1881 to 1883 a member of the engineering corps on the survey of the Mexican national road. He then returned to the Pennsylvania lines west, and for a year was assistant engineer on the Chicago division of the Pennsylvania. For two years he was engineer of maintenance of way of the Indianapolis and Vincennes. He was then promoted to be engineer of maintenance of way of the Chicago division, and in 1888 held the same position on the Cleveland and Pittsburgh division, of which he was promoted to superintendent in 1889. On January 15, 1896, Mr. Loree was promoted general manager of the Pennsylvania lines west. He has visited Europe three times, thoroughly investigated the methods of British and continental railways, and has kept abreast in the discussion of every problem in railway development. For three years he was president of the American Railway association, attended the Paris exposition as a representative of that body, and delivered the address on behalf of the American roads at the railroad conference. With the departure of Mr. Loree from the Pennsylvania lines west there will be a vacancy to be filled, and one that demands a man thoroughly skilled in the art of railroad operation. J. J. Turner, vice president and general manager of the

FOR OLD AGE

To the old, as to babies, the even balance of health is more important than anything else in the world. The possible health, in age, is not high and strong; it is only even.

There is no end, but death, to the trouble that comes of its loss.

It ought to be watched like a baby's.

Their future is short; but oh how it turns on comfort! on whether the wrinkles are wrinkles of pain or of long serene enjoyment!

Scott's emulsion of cod-liver oil—for very old and very young in different ways—is the food to secure this even condition of health.

We'll send you a little to try, if you like.
SCOTT & BOWNE, 409 Pearl street, New York.

Vandalia, is among those named to succeed Mr. Loree, but as yet this report has no strong support.

"L. F. Loree, elected president of the Baltimore and Ohio Railroad company on Wednesday, will assume his duties in Baltimore Saturday morning. One of the first official acts will be the appointment of George L. Potter as general manager of the entire Baltimore and Ohio system. Mr. Potter will succeed E. D. Underwood, who lately resigned to become president of the Erie. Mr. Loree will also appoint Arthur Hale, present superintendent of telegraph of the Pennsylvania, assistant general manager of the Baltimore and Ohio, to succeed Daniel Willard, who also goes with the Erie."

WORK AT EAST SHOPS.

The car builders at the east car shops of the Pennsylvania completed the work of building 100 flat cars for the maintenance of way department Wednesday and this morning took up an order for 150 box cars of 80,000 pounds capacity. The car builders are also at work in the erection of ten new styled high cupola cabin cars.

LOUIS DAILEY HONORED.

L. G. Dailey, a clerk at the east shops of the Pittsburgh, has been selected as one of the auditors of the Pennsylvania Voluntary Relief association, representing the western division of the Pittsburgh, Fort Wayne and Chicago branch. The work of auditing the books is performed in July at Pittsburgh and generally consumes two or three weeks.

INSPECTS FREIGHT OFFICES.

William Borner, general western freight agent of the Pennsylvania, is making a trip over the Fort Wayne branch this week. He left Chicago this morning on a special train and will reach this city this afternoon, stopping at all freight and telegraph stations en route.

THEIR VACATION ENDED.

All of the Wabash railway machinists appeared at the shops this morning and quietly resumed their respective places as if nothing out of the ordinary had occurred since they vacated them, over two weeks ago. And thus ends one of the most remarkable strikes ever known. There is apparently the best of feeling between "boss" and employee and no disagreeable results will follow the recent little differences of opinion which existed only temporarily. At the Bass works the men are at work also.

ADOPTED NEW METHOD.

By permission of General Manager J. J. Wood the Relief union of the Fort Wayne Electric works has adopted new methods for collecting the regular dues and assessments. Heretofore it was the practice to collect from the men through the medium of a collector appointed for that purpose, who called upon each member in person. Hereafter the time-keeper will report the amount due from each and the paymaster will deduct the same from the wages and turn it over to the union. This is the result of an unanimous resolution passed by the Relief union at the meeting Wednesday evening at

the close of working hours. At that meeting the annual excursion business came up also, but no definite conclusion as to date, place of holding, etc., was arrived at. It was proposed to give the excursion June 6, but approval of the date has not yet been made.

WILL ABOLISH AGENCY.

Discouraged in the effort to keep a good man in the office of commercial agent at this point, the Findlay, Fort Wayne and Western road has decided to abolish that office. The rooms in the Arcade will be retained, however, and the company will establish there in a telegraph office, and will require from the operator the double duty of looking after freight business and receiving and sending messages. F. R. Garrison, general passenger and freight agent of the company, is in the city today making arrangements to make the change in accordance with the plans told in the foregoing. The change will be made just as soon as possible.

INDUSTRIAL NOTES.

Pittsburg Brakeman G. M. Wyatt is sick and off duty.

Foreman C. A. Burchard, of the east car shops, is visiting in Chicago. J. Sachseiter, of the Pittsburgh round house, will spend Sunday in Chicago.

Passenger Conductor M. F. Mauk, of the Pittsburgh, is still confined to his home with kidney troubles.

Dr. E. F. Wagner went to Warsaw this morning on business for the Pennsylvania Relief department.

Henry Regling, a Wabash boiler-maker, is suffering with rheumatism in one of his feet and is unable to work.

G. C. Dudenhofer, of the Pittsburgh lumber yards, went to Chicago this morning for a few days' visit with relatives.

A 1,500-light dynamo left the electric works this morning for Oxford, Mich., where it will be installed in a light plant.

Patrick Maley and James Fred, Wabash boiler-makers, have returned from Peru, where they were working a few days.

Superintendent and Mrs. E. A. Gould, of Peru, were the guests of Master Mechanic and Mrs. G. S. McKee yesterday.

Ross Gardner, yard conductor at the Pittsburgh, is taking a few days' leave of absence, which he is spending at a lake near Pierceton.

Mr. and Mrs. F. P. Colclasser have gone to Warsaw to spend Sunday with friends. Mr. Colclasser is a carbuilder, employed at the east shops.

H. C. C. Nees is sick and E. Bennett, C. Reinking and J. Richard are off duty to look after private business. They work in the Pittsburgh shops.

Passenger Conductor Joseph Morgan, of the Pittsburgh, is sick and off duty, and Conductor Peter Travis will have charge of trains 37 and 38 for awhile.

The Wabash has given notice that it will advance passenger rates east bound from Kansas City to the normal basis June 9. This will restore the New York rate.

Joseph E. Sunderland, of Decatur, Ill., was the guest of friends and relatives in the city yesterday. He represents the Lehigh and Wabash Dispatch in this territory.

Conductor W. A. Curran, who has had charge of the stone train at Dunkirk since last fall, has been transferred from that service to the through freight service.

William Madison, foreman of the lathe department of the Pittsburgh, and Mrs. Madison, went to Chicago yesterday to spend a few days with their daughter, Mrs. Ames.

Bruce Baker, of South Calhoun street, took his father to Winona yesterday for a day's fishing. They were successful in catching a fine string of bluegills and perch.

Ernest Dehne, foreman of the Pittsburgh pattern shop, and his wife, are visiting their son, George, who now occupies a responsible position in the general offices of a western railway.

W. S. Piers, late commissioner of the Southwestern Traffic association at St. Louis, died at his home in Chicago Wednesday, after a service in the railroad profession of thirty-five years.

Eastern capitalists are said to be behind an enterprise to build a railroad from Toledo to Chicago, practically an air line, passing through Montpelier, Ohio, Angola and Elkhart to Chicago. It is said ample capital is offered to build the road.

Upon the walls of the city ticket offices of the New York Central, at New York city has been placed a map which takes in the country from Omaha to the Atlantic seaboard,

showing the principal towns, cities and resorts and all the railroads in such territory. It is twenty-four feet long by thirteen wide.

It is understood that Joseph Ramsey, president of the Wheeling and Lake Erie, will remove several of the general offices of that road to St. Louis, where it will be more convenient for him to look after them.

Marion O'Hara, who resigned a position in Councilman J. J. Bauer's department at the electric works, left this morning for Dayton, Ohio, to take a position with Mr. Belden, in the Dayton Electric Fan works.

John Miller, who is now a conductor on an Oklahoma road, is in the city, visiting his father, who is very sick. Mr. Miller was employed as a conductor on a Fort Wayne road several years before he went west.

Engineers B. C. Skinner and M. H. Durnell and Fireman J. Engman, of the Pittsburgh, are off duty on account of sickness. Fireman H. M. Kensill is off duty with a lame leg, which was injured by a fall on the coal in the engine tank last Wednesday.

C. B. Braun, who operates machinery in the Pittsburgh car shops, is nursing a lame hand, the result of getting the member too close to an emery wheel last Wednesday. The index finger and a portion of the other fingers of the left hand were painfully skinned.

William Stewart, whose death at Danville was mentioned in The Sentinel last evening, was buried in that city this afternoon. Several of the relatives residing in this city attended the funeral. The foundry and machine shop owned by the deceased will be conducted by his son-in-law, L. E. Chesley, who has acted as superintendent of the works for the past two years.

The New York World says that the Rockefeller-Gould syndicate is making a determined effort to get control of the Delaware, Lackawanna and Western as an eastern outlet for the Missouri Pacific trans-continental system is accepted as a fact in Wall street. It was reported that George Gould had made an offer to the Moses Taylor estate to take over the entire 40,000 shares of stock held by that estate. The price offered, it is said, is \$250 a share.

Indianapolis Journal: "The Wabash has acquired water front rights at Toledo which will give it direct connection with the route proposed for the Detroit and Toledo short line. A belt line is being built around the city, ostensibly in the interests of manufacturers and merchants of Toledo, but it is noticeable that the disbursement agents receive no checks. It is intimated that the Wabash is thus acquiring a very valuable piece of property which will greatly strengthen the road in Toledo."

WON THE BREEN MEDAL.

Notre Dame, Ind., May 31.—In the college oratorical contest the W. P. Breen gold medal, donated by Hon. W. P. Breen, of Fort Wayne, was awarded to J. W. Kenney, of Richmond. He spoke on the negro chief, Toussaint L'Ouverture. The speech was well rendered. The efforts of Kenney and Scaleski, the two last speakers, marked them as two of the ablest orators Notre Dame has ever had. Scaleski has the distinction of swaying his audience as no other contestant has ever done. He spoke most feelingly for Poland, his native land. Third place was awarded to Vitus G. Jones.

TURN CUBA DOWN

ACTION OF CONVENTION IS NOT
ACCEPTABLE.

THE PRESIDENT SO DECIDES

NON-COMPLIANCE WITH THE
PLATT AMENDMENT.

DECIDED IN CABINET SESSION

PRESIDENT CONFERS WITH SEV-
ERAL SENATORS.

Washington, May 31.—The admin-
istration has decided that the action
of the Cuban constitutional conven-
tion, in accepting the terms of the
Platt amendment with modifications
and interpretations of their own, was
not "substantial" compliance with
our terms within the meaning of the
amendment and Secretary Root will
convey this intelligence to the con-
vention. The decision was reached
at the cabinet meeting today.

The meeting lasted over an hour
and a half and had been preceded by
an hour's conference between the
president and Senators Platt, of Con-
necticut; Lodge, of Massachusetts;
and Fairbanks, of Indiana.

As the author of the amendment,
the president desired to learn the
views of Senator Platt, and also
those of Senator Lodge, who is one of
the influential members of the com-
mittee on foreign relations.

At the cabinet meeting Secretary
Root took the position that the in-
terpretations of the Platt amendment
contained in the constitution adopted
by the convention and the where-
ases appended to it, went outside of a
fair interpretation of its meaning
and was unacceptable.

In this view the cabinet concurred.
When asked as to what would be
the next step of the government after
the Cuban convention had been not-
ified of the rejection of its action,
one of the members of the cabinet
said that the government could do
nothing further until the convention
again acted; that as long as the con-
ditions of the Platt amendment were
on the statute books compliance with
them must precede our relinquish-
ment of control over the island.

The cabinet also discussed the de-
cisions of the supreme court in the
insular cases, especially their bearing
upon the forthcoming decision of the
court in the Philippine cases.

It was the general opinion that in
some phases the DeLima decision
might be applicable to the Philip-
pines, but that in other ways it
might be held entirely inapplicable.
No definite conclusion, however, was
reached at today's meeting.

CONFERRER WITH SENATORS.

Washington, May 31.—Senators
Platt, of Connecticut; Lodge, of Mas-
sachusetts, and Fairbanks, of Indi-
ana, had an hour's consultation with
the president before the cabinet meet-
ing today. The Cuban situation was
under discussion and the president
was desirous of obtaining the views
of those senators as to whether the
action of the constitutional conven-
tion was a "substantial" acquiescence
in the Platt amendment.

Some of the details of the action
of the Cuban convention are still
lacking and before definite conclu-
sions can be arrived at these must be
supplied.

The senators who talked with the
president do not feel at liberty to
express their opinions as to what
should or would be done. They say
the matter is one for the executive to
decide, as the amendment authorizes
the president to relinquish control of
Cuba when a government has been
established which substantially
agrees to its terms.

The conferences relating to Cuban
affairs among leading administration
officials and leading members of the
United States senate at present in
Washington have continued and,
though no definite determination has
been reached, there is quite a senti-
ment toward accepting the action of
the convention as a "substantial"
compliance with the terms of the
Platt amendment. There is a great
deal of addenda in the way of ex-
planation and interpretation in the
report of the committee on relations,
which has been adopted at Havana,
that is wholly unsatisfactory to the
president and also to those who have
been consulting with him, but there
is an earnest desire to reach the best
possible results. One of the most ob-
jectionable features of the interpreta-
tion is the addition of the words say-
ing that the action of the United
States is an amplification of the Mon-
roe doctrine. It is emphatically

stated by some of those who have
been present at the conferences that
the Monroe doctrine has nothing
whatever to do with the present situ-
ation in Cuba.

It is stated that the earnest desire
of the president is to retire from
Cuba at the earliest possible moment
consistent with the best interests of
the people of the island and the fu-
ture relations between the new gov-
ernment and the United States.

The problem is whether withdrawal
under the amended Platt law will
achieve the result.

FIRST HALF OF CENSUS REPORT.

Washington, May 31.—The direc-
tors of the census today issued the
first half of the final census report on
population, showing the aggregate
population of the United States by
states and territories, the density of
population, the center of population
in its medium point, the population
of Alaska and of the Hawaiian is-
lands, the number of representatives
apportioned under the recent act of
congress, and also the population of
the states and territories by minor
civil divisions, the population of
cities having 25,000 inhabitants or
more in 1900, their increase of popu-
lation in the same and the popula-
tions of incorporated cities, towns,
villages and boroughs in the year
1900. This report is issued in the
form of a monograph and comprises
about 500 pages. The other portion
of the final report on population will
be issued during the early fall, put-
ting the entire volume in the hands
of the public at least four years in ad-
vance of any previous census.

BROTHERS EXCHANGED WIVES.

Marion, Ind., May 31.—William
and John Church, brothers, lived in
Indianapolis. The two young men
courted and married young ladies
who were friends. The young lady
that married William became infat-
uated with his brother John before
the wedding and the young lady that
married John was in love with Wil-
liam. This fact developed after the
weddings of the two brothers, but
they lived with their respective wives
for a number of years and children
were born. A separation followed,
and both brothers secured divorces
from their wives. They then married
their first loves, who were their sis-
ters-in-law. The wives took the chil-
dren and their uncles because their
step-fathers.

William Church came to Marion
and embarked in business and John
went to Peru. Last Saturday Mrs.
William Church left her husband in
this city, took her children and went
to Peru. It is now alleged that she
has gone back to her first husband,
who is her brother-in-law, and has
taken his own children, who had be-
come his niece and nephew, and also
her children, born to her second hus-
band.

JUSTICE BREWER TO WED.

Washington, May 31.—Mr. Justice
David J. Brewer, of the United States
supreme court, announced to his col-
leagues shortly before the adjourn-
ment of court Tuesday his prospective
marriage. Not until yesterday, how-
ever, was the name of his bride
learned or the details of his plans.
The associate justice was appointed
from Kansas and is well known
throughout the west. The wedding
is to be a quiet one, owing to a recent
death of a member of the bride's fam-
ily. She is Miss Emma Minor Mott,
for four years principal of the Morse
school, in Washington. The bride,
who is about fifty years old, was born
in New York and educated at Oswego
Normal school. The wedding will
take place at the home of the bride's
sister, at Burlington, Vt., next week,
and the tour will be to Lake Cham-
plain, where the judge has a summer
home. They will reside next winter
in Washington at 1412 Massachu-
setts avenue. The bride is a member
of the First Congregational church
here, where the judge teaches the
Bible class. It was there they met.

WANT CANTEN RESTORED.

St. Paul, Minn., May 31.—By a
unanimous vote the Association of
Military Surgeons, in session here,
today passed a resolution in favor of
the repeal of the anti-canteen law.
The resolution recites that "the
abolition of the army post exchange
or canteen has resulted, and must in-
evitably result, in an increase of im-
temperance, insubordination, discon-
tent, desertion and disease in the
army;" deprecates the abolishing of the
"said post exchange or canteen, and
in the interests of sanitation, moral-
ity and discipline, recommends its re-
establishment at the earliest possible
date."

George Delinger, a clerk at App's
shoe store, dislocated his ankle in a
fall from his bicycle yesterday and
will be confined to his home for sev-
eral days.

THREE TROLLEY CARS IN A
WRECK.

ALL WERE HEAVILY LOADED

ONE MAN KILLED AND TWENTY-
FIVE HURT.

TWO OF INJURED WILL DIE

ACCIDENT OCCURRED NEAR
WILMINGTON, DEL.

Wilmington, Del., May 31.—Three
heavily-loaded trolley cars on the
New People's street railway ran
away while going down a steep hill
in this city early this morning, kill-
ing one man, fatally injuring another
and hurting twenty-five others more
or less seriously. Joshua Gillman,
who jumped from a window of the
car in which he was riding, fell
underneath the wheels and his body
was cut in two.

Elmer Jones, a conductor of one of
the cars, stuck to his post and when
the rear car crashed into the one he
was in charge of his legs and one
arm were broken and internal in-
juries were inflicted.

His death is momentarily expected.
Two of the cars were closed cars
and the other was an open one. Each
carried nearly 100 passengers re-
turning to the city from Brandywine
park. The line is a new one opened
yesterday and it is presumed the ma-
lunaries were not yet familiar with
the heavy grade.

GIRDLING GLOBE ON WAGER.

New York, May 31.—On board the
Hamburg-American line steamer
Furst Bismarck, from Cherbourg, is
Henri Duret, a reporter of the Paris
Journal, who is trying for a record
trip around the world on a wager be-
tween his paper and the Paris Matin,
which is represented by M. Stiegler,
who travels east while Duret is bound
west. M. Duret left Paris at 8 a. m.
May 24 and embarked on board the
Furst Bismarck for New York. To-
morrow he will start for San Francis-
co, where he will take steamer for
Yokohama, going thence by rail to
Nagasaki, then by steamer to Vlad-
ivostok. From Vladivostok the
route will be covered by rail to
Khabarovsk, thence by steamer on
the Amoor river to Strickland, where
he will take a train through to Paris
by way of Moscow and St. Peters-
burg. M. Stiegler started yesterday
from Paris bound east.

MUTINOUS GUARDS PARADE.

Brussels, May 31.—An extraordi-
nary scene occurred in Antwerp yes-
terday, when mutinous civic guard-
smen paraded the streets singing the
"Marseillaise," while the police had
to be called in to protect the officers
from the revolting troops. There
had been friction for some time.
While drilling yesterday a guard-
sman in the ranks lit a pipe, and when
reprimanded for doing so insulted the
officer who administered the reprimand.
The guardsman was arrested,
whereupon his comrades broke ranks,
hoisted at their officers, and proceeded
to demolish property in the parade
grounds with the butt ends of their
rifles. Subsequently they payaded
the streets singing.

AFTER CARNEGIE'S CASTLE.

London, May 31.—A dispatch from
Edinburgh says action has been in-
stituted by Sir Charles Sutherland to
set aside the purchase of Skibo castle
by Andrew Carnegie. The ground of
the objection has not yet developed.
Skibo castle was taken over by Mr.
Carnegie a couple of years ago and
he has resided there since then on the
occasion of each visit to this side of
the Atlantic. Though the name of
the plaintiff is given as Sir Charles
Sutherland, no such title is discov-
erable.

CAPTAIN KING FOUND GUILTY.

Mobile, Ala., May 31.—The sealed
verdict in the bribery case against
Former Captain and Quartermaster
Cyril W. King, U. S. A., returned
Thursday night, was opened in the
United States circuit court today. It
finds him guilty, as charged, of re-
ceiving money with the intent to in-
fluence his official actions.

BIRD GRIEVES TO DEATH.

Milton, Ind., May 31.—A pathetic
coincidence took place in connection
with the death and burial of Myrtle
Young, the seven-year-old daughter

of Reuben Young. The child died
two days ago of lock-jaw, caused by
running a nail in her foot. She pos-
sessed a pet canary that was accus-
tomed to perch on her hand and eat
from her fingers. Although the bird
was cared for it seemed to grieve
after its mistress' death, calling
plaintively until this morning pre-
ceding her burial, when it suddenly
fell dead. The dead bird was placed
in the casket and buried with its lit-
tle mistress.

NYE MAY SEEK HIGHER HONOR.

Lafayette, Ind., May 31.—The democ-
racy of this state is confronted with
the rather unusual candidacy of ex-
Lieutenant Governor Nye, of this
city, for the nomination for governor.
Mr. Nye, in an interview published
at Indianapolis, says:

"If the party rides itself of the
financial heresy of free silver by 1904
I will be a candidate for the nomina-
tion for governor."

Mr. Nye has been an uncompromis-
ing enemy of free silver coinage ever
since the question was first brought
to public notice.

DISCUSSED HOME MISSIONS

EVANGELICAL SYNOD HEARS BI-
ENNIAL REPORT.

The Anniversary of Home Mission
Work to Be Celebrated—
The Proceedings.

Des Moines, Iowa, May 31.—At the
second day of the general synod of
the Evangelical church home mis-
sions was the first subject under dis-
cussion. The biennial report was
read by Dr. A. S. Hartman, secretary
of the board. The report of the
board of the National Lutheran home
at Winthrop Heights, Washington,
D. C., was submitted by Dr. M. W.
Hanna, of Washington.

Greetings from the Reform Church
of the United States were given by
Dr. E. B. Herbrook, pastor of Trinity
Reform church, of Canton, Ohio.

Dr. D. M. Gilbert, president of the
board of trustees of the Tressler Or-
phan's home, of Louisville, Pa., was
submitted and adopted.

The anniversary of the home mis-
sion work will be celebrated tonight.
The First Lutheran church of Bal-
timore, Md., has invited the 1903
synod. No opposition has so far de-
veloped.

The sixtieth biennial report of the
board of home missions showed that
total receipts of the biennial, includ-
ing the balances on hand May, 1899,
were \$101,842. The cash on hand,
after deducting all expenses, is \$7,
252.

The work of the biennium was be-
gun with an actual enrollment of
missions receiving aid of 137. To
these were added twenty-eight new
fields, making the total number as-
sisted by the board during the whole
or part of the time 165, an increase
of five over the preceding three years,
and the largest number ever aided in
any single biennium.

The twenty-eight missions enrolled
increased the obligations of the board
\$6,800, an average of \$243 for each
mission.

The number now receiving the aid
of the board is 147, which is ten more
than the number enrolled at the open-
ing of the previous biennium. The
report goes on to say:

In addition to these there are a
large number of appeals before the
board from many sections of the
field, asking its aid in occupying new
points. Many of these are from
fields which give promise of great
importance and should not be refused.

But it goes without saying that it
is simply impossible to grant the aid
sought or any considerable part of
this new work with the present or-
dinary income of the board.

If the entire amount of the appor-
tionment would be contributed by the
churches it might be adequate for
present needs, but the experience of
many years prove that they must be
discounted about 25 per cent.

EXPLORERS ASSASSINATED.

Lima, Peru, May 31.—A telegram
from Cuzco received announces that
the French explorers, MM. Revenaux
and LeMonier, have been assassinat-
ed by an Italian named Ginnone in
the valley of Convection. Ginnone
was afterward killed by savage In-
dians. No particulars of the tragedy
have been received.

REJECTS RESIGNATIONS.

Columbia, S. C., May 31.—Governor
McSweeney has rejected the resigna-
tion of Senators Tillman and McLaury
to give them time to consider their
action.

IN QUAY'S STATE

STREET RAILWAY FRANCHISE
LAWS BEING RUSHED.

PASS SENATE IN RECORD TIME

WILL GIVE PROMOTERS BIG
GRANTS IN PHILADELPHIA.

SURE TO PASS THE HOUSE

MEANS ELEVATED ROAD FOR
QUAKER CITY.

Harrisburg, Pa., May 31.—The
senate this morning passed finally
the bill amending the passenger rail-
way act of 1889 to permit the con-
struction of a passenger railway in
any street not occupied at present,
and the bill providing for the erec-
tion of elevated and underground
railways.

These are the bills that were in-
troduced in the senate on Wednesday
after it became known that P. A. B.
Widener and William L. Elkins, the
Philadelphia street railway mag-
nates, had sailed for Europe.

Representatives of the Philadel-
phia traction interest came here and
pleaded in vain either for the defeat
of the bills or their postponement.
The extraordinary speed at which
bills of such great importance have
been rushed through the senate has
aroused widespread interest. Ten
minutes after their introduction they
were reported favorably from com-
mittee and they passed first, second
and third readings without the loss
of a moment's time, all amendments
being rejected. It is stated here
that they will be "railroaded"
through the house and in the hands
of Governor Stone for his action be-
fore the end of next week.

There is great mystery as to the
identity of the interests back of the
legislation. Nobody here knows who
is urging the passage of the bills,
though it is admitted that the Phila-
delphia streets are the ones most
desired.

The first bill is so drafted as to
permit the occupation of Broad
street, Philadelphia, which has thus
far been kept free of street car
tracks.

The senate broke all its records for
prompt action on legislation by pass-
ing the bills finally within less than
forty-eight hours after they were
introduced. They were called up
ahead of other measures on the cal-
endar at today's session of the senate
and passed without debate by a
vote of 32 to 8.

They will, it is stated, be reported
from committee in the house on
Monday and read for the first time
at the evening session. The order
of business will probably be changed
by the rules committee to take up
the bills on Tuesday for second reading
and the following day for third read-
ing and final passage.

The promoters of the bills say they
will be promptly signed by Governor
Stone and that a corporation will
immediately be organized with a
large capital to take out a charter
for the erection of an elevated rail-
way system in Philadelphia and
suburbs.

They say also that the steam rail-
way companies are not antagonistic
to this legislation and that there
will be no organized opposition to it
in the house.

ABOUT THE COURT HOUSE.

Judge O'Rourke has returned from
Indianapolis and is holding court to-
day as usual. The case of "Red"
Hanlon, the Indianapolis pickpocket
arrested here four weeks ago, is on
trial today. The officers think they
have a clear case against him and are
confident of giving him a term in the
state's prison north.

The cases of Abraham Weil vs. the
Wabash and Thomas Noble vs. A.
Oppenheimer were dismissed in the
circuit court.

In an old surety of the peace pro-
ceeding against Frederick Schorpf,
the defendant was discharged from
his bond.

Judge Aiken is still at Albion try-
ing a slander case and in consequence
the superior court is not in session.

The county commissioners will
meet tomorrow to transact miscellan-
eous business.

The new scale of wages to be paid
the court house employees will go into
effect tomorrow. All unskilled labor
will hereafter be paid for at the rate
of twenty cents per hour.

Sheriff Stout was at Baldwin this
morning, where he went to investi-
gate the circumstances surrounding the
shooting affair there last week.

He found the circumstances precisely
as detailed in The Sentinel at the
time. Mrs. Durham went to the
place last week and took possession
of the tent and other paraphernalia
of the show and will remove it to this
city this week. The doctor and his
paramour have skipped for parts un-
known and the other participants in
the fight live across the state line in
Ohio. At the request of a number of
the best citizens Sheriff Stout ap-
pointed Hilary Hoover special deputy
sheriff.

Hanlon alias Tom Delaney was
sentenced to one to three years in the
prison south by Judge O'Rourke to-
day after hearing the evidence in the
case, which was all one way.

Mattie W. Wood this morning com-
menced divorce proceedings against
John C. Wood. The complaint was
taken off file.

The court house employees will on
Sunday picnic at the farm of County
Commissioner Moudy, in Cedar Creek
township.

Thomas Delaney, this morning sen-
tenced to the reformatory at Jeffers-
ville, will be removed to that
place on Monday.

NASH WILL RUN AGAIN.

Columbus, Ohio, May 31.—The fol-
lowing statement was given out by
E. N. Sinks, private secretary to Gov-
ernor Nash: "Since the return of
Governor Nash from California some
doubts have been expressed as to
whether he would be a candidate for
renomination, owing to the condition
of his health. Some rumors have it
that the governor himself has posi-
tively declined to allow his name to
be considered. There is absolutely
no foundation for such doubts and
rumors. The governor stands today
in the same position he did some
months ago, when he said that if the
republican party desired to honor him
with a renomination he would accept
it. There is no probability of Gov-
ernor Nash's health interfering with
the work of a campaign. The gover-
nor is improving in a manner entirely
satisfactory to his physicians, and
they are confident of his early and
complete recovery."

UNITED STATES ALOOF.

Washington, May 31.—Having set-
tled upon the amount of indemnity
and the rate of interest to be paid
upon the bonds, namely, 4 per cent,
the ministers at Peking are now ne-
gotiating respecting the difficult sub-
ject of guarantee. The Chinese plen-
ipotentiaries are not concerned at this
stage; the ministers must first agree
among themselves as to the method
of guaranteeing the loan, and this
task promises to be difficult of dispo-
sition. The United States govern-
ment is pressed by Russia and France
to make the guarantee international
and joint, but it is firm in its declina-
tion to do this, basing its arguments
upon constitutional limitations upon
the executive branch of the govern-
ment, which are not easy of compre-
hension to European minds.

CHICAGO MACHINISTS' STRIKE.

Chicago, May 31.—Chicago's ma-
chinists' strike began today. More
than 1,000 men quit in various shops
and factories because the employers
refused to sign the agreement sent
out yesterday for a 12½ per cent.
increase in wages and a nine-hour
day, and time and a half and double
time for all time over nine hours.
When the force of 280 machinists
gathered at the extensive works of
Fraser & Chalmers early in the
morning they were met by W. J.
Chalmers, who told them they might
as well go home if they expected him
to sign the agreement. The machin-
ists dispersed. Similar scenes were
enacted in many other plants, though
a few manufacturers signed the
agreement.

MRS. MCKINLEY SITS UP.

Washington, May 31.—Mrs. Mc-
Kinley passed a very comfortable
night and sat up for awhile this
morning. She is cheerful and is feel-
ing rested after her journey.

The physicians who are in attend-
ance upon Mrs. McKinley, after a
consultation this forenoon, issued
the following statement of her condi-
tion:

"Mrs. McKinley is recovering from
the fatigue of the trip. The illness
from which she was suffering in San
Francisco still continues, though in
less intense form. She is still feeble
and cannot be considered out of dan-
ger. Her progress will no doubt be
slow, but improvement is looked for."
"P. M. Bixey, M. D."
"Geo. M. Sternberg, M. D."
"W. W. Johnston, M. D."

SENT TO SUPREME COURT.

R. B. Dreifelbliss today forwarded
to the supreme court the record in his
action to secure his seat as municipal
judge, and after the filing will pre-
pare his brief in the appeal.

BRITISH CUT UP

BOERS UNDER DELAREY BEAT
CLEMENTS' FORCE.

HEAVY ENGAGEMENT FOUGHT

BATTLE TAKES PLACE NEAR
JOHANNESBURG.

BOERS SUFFERED HEAVILY

KITCHENER REPORTS FIGHT
WITH "REGRET."

London, May 31.—On the anni-
versary of Lord Roberts' entry into
Johannesburg the country has been
stirred by the receipt of news of
desperate fighting and heavy British
losses within forty miles of the Gold
Reef city.

The battle at Vladfontein, on the
Turfburg-Johannesburg railroad, re-
ported by Lord Kitchener today, is
the most serious engagement since
General Clements' reverse at Maga-
liesburg. It shows General Delarey
is in no way daunted by the capture
of eleven of his guns by General
Babington six weeks ago. The gar-
rison of Vladfontein, apparently
largely composed of Boers, had
174 men put out of action. That
their assailants came to close quarters
and suffered heavily is shown by the
number of dead left on the field.

KITCHENER'S DISPATCH.

The dispatch from Lord Kitchener,
dated Pretoria, May 30, is as follows:
"General Dickie's force at Vladi-
fontein was attacked yesterday by
Delarey's forces and here was severe
fighting. The enemy was eventually
driven off with heavy loss, leaving
thirty-five dead.

"I regret that our casualties also
were severe. The killed and wound-
ed numbered 174. Four officers were
killed."

A TYPEWRITER EXPERT.

Master Charles Middendorf, of Chi-
cago, is in the city today, and this
morning the young man gave an ex-
hibition of typewriting on a blank
keyboard machine before the students
of the International Business col-
lege. He is here with Frank Ruther-
ford, manager of the New York of-
fice of the Remington Typewriter
company, and the exhibition was
made on one of the blank keyboard
machines of that make. Master
Middendorf is a past master of the
art of typewriting, taking several
letters from dictation at the rate of
about seventy words a minute, and in
five letters there were but six errors,
due only to the slowness of the ma-
chine. Mr. Rutherford is engaged
in furthering the use of the letterless
keyboard system of teaching type-
writing in the various business col-
leges and other schools where type-
writing is taught, and he is of the
opinion that the method will supplant
the old system in a very few years.
Master Middendorf is one of the
swiftest operators in the country and
has a record of ninety-eight words
a minute on a machine.

BLOODY RIOTS IN RUSSIA.

London, May 31.—According to a
dispatch from St. Petersburg today
it appears that the conflict at Alex-
androvsky, in the vicinity of St.
Petersburg, between the strikers at
the Obuchoff Iron works and the au-
thorities May 20, when about 3,500
rioters attacked the police, had much
more serious results than was ad-
mitted in the police report of the af-
fairs issued May 21. It was then
said that after twelve of the police
had been injured they were reinforced
by soldiers, who fired three volleys,
killing two men and wounding seven.
The relatives of the strikers declare
that forty of the men were killed and
that 150 others were wounded. A
reliable witness says he saw four van
loads of wounded persons covered
with blood, and another spectator de-
clares he saw two tug loads of wound-
ed taken to the hospital.

DIED AT THE DRIVING PARK

NICHOLAS W. HESS SUCCEUMS TO HEART TROUBLE.

Baggage-master Patrick O'Meara
Passed Away Thursday Evening
—Other Mortuary Matters.

In the presence of the holiday
crowd gathered at the Driving park
Thursday afternoon to witness the
bicycle races, Nicholas W. Hess was
suddenly stricken by heart trouble,
and within fifteen minutes was dead.
The sad event caused the greatest ex-
citement.

Mr. Hess was sixty-nine years of
age and resided at 51 Elizabeth
street. About 2:30 o'clock, appar-
ently in good health, he left his home
and rode to the Driving park on his
bicycle. Standing beside the track
waiting for the races to start, Mr.
Hess suddenly sank to the ground
helpless. Bystanders carried the
prostrate man into a stable near by
and physicians were summoned, but
the patient relapsed into unconscious-
ness and expired a few minutes later.
Coroner Barnett was notified and the
remains were removed to the Pelier
undertaking establishment, where a
postmortem by Dr. B. Von Sweringen
and Coroner Barnett revealed that
death was due to a blood clot upon
the right side of the heart.

The deceased had been a resident of
Fort Wayne for many years. He
was born in Hesse-Darmstadt, Ger-
many, in 1832, came to America with
his parents when but a mere child and
lived for a time at Crestline, Ohio.
While still a young man, Mr. Hess
came to this city and in 1855 was an
employee of Redd's plough works.
Afterwards he became connected with
Reinhardt's carriage works as a
woodworker, which position he filled
at the time of his death. The sur-
vivors are the wife and five children:
Mrs. E. W. Bashier, Mrs. A. C. St.
Clair, William H. and Frank J., all of
Chicago. Mrs. Wilson Yagerlemer,
another daughter, is a resident of this
city.

FETTERS.

Some time during the morning
hours today Mrs. Anna Mary Feters,
eighty-eight years of age, died at the
home of her son, William Feters, at
34 Summit street.

Though enfeebled by age, Mrs. Feters
seemed to be in usual health, and
when members of the family entered
her room at 9 o'clock this morning
she conversed with them, telling
them she did not care to arise for
some time. At 10:30 they again
called her and found her dead in bed.
Coroner Barnett made an investigation
and says that death was due to old age.

Mrs. Feters was a native of Ger-
many. Two sons, William and Mar-
tin Feters, survive her.

The funeral arrangements have not
been completed.

O'MEARA.

Patrick O'Meara, for twenty-four
years a baggage, mail and express
agent on the Lake Erie and Western
railroad, died shortly after 9 o'clock
Thursday night at his home, 179
West Fourth street, from kidney
trouble, at the age of forty-two years.
Mr. O'Meara had been in rather
poor health for some time, but no
serious results were apprehended
until Wednesday evening, when he was
taken seriously ill while on his train
en route home from Munich. Mr.
O'Meara leaves a widow and four
children. He was widely known and
was regarded as one of the most ef-
ficient employees of the Lake Erie and
Western company, popular alike
among his fellow employees and ac-
quaintances generally.

He was born in Hagerstown, Md.,
but had resided in Fort Wayne many
years; was a member of the Church of
the Precious Blood, of Branch 103,
Catholic Knights of America, and of
St. Joseph's Benevolent society.

MATTES.

Nicholas Mattes, son, residing at
59 Force street, died Thursday after-
noon from kidney trouble.

Mr. Mattes was born in Germany,
but had resided in Fort Wayne twelve
years. Surviving are the widow and
six children.

Funeral services will be held Sat-
urday morning at 9 o'clock from St.
Peter's Catholic church, of which he
was a member.

STEWART.

Robert F. Stewart died at 9 o'clock
Thursday evening from dropsy at his
home, 138 Harrison street, at the age
of forty-two years. Mr. Stewart was
a carpenter by occupation, but has
recently been employed as an agent
for the Union Pacific Tea company.
He leaves a wife and four children,
besides three brothers and three sis-
ters. The remains will be shipped to
his former home at Rushville, Ind.,
for interment.

FUNERAL ANNOUNCEMENT.

Bicknese.—Funeral services of

Frederick C. Bicknese will be held
Sunday afternoon at 2 o'clock from
the residence, 171 East Lewis street,
Rev. Miller officiating.

ABOUT THE CITY HALL.

The board of works met last night
in regular session, but had little im-
portant business before them. A peti-
tion was filed asking for the grad-
ing of Creighton avenue, from Wal-
ton avenue to Euclid avenue. The
street between the points named is
little but an open commons and the
improvement is evidently needed.
Plans for an alley sewer between
Pontiac and Leith streets were or-
dered and the assessment roll for
benefits and damages accruing from
the vacation of the alley between
Koch and Short streets was con-
firmed. There was no other business
before the board and an early ad-
journment was taken.

Tomorrow is regular monthly pay
day at the city hall for all depart-
ments except streets and parks,
which were paid off yesterday.

Dr. A. H. MacBeth, the newly ap-
pointed city bacteriologist, took pos-
session of his office today and there
was a general housecleaning. Nearly
all the apparatus in the health office
is the private property of Dr. Dryer
and when the operation of moving
was completed there was little left
except the desks and the paint on the
walls. Dr. MacBeth, however, has a
thoroughly equipped laboratory of
his own and as soon as the apart-
ments are properly cleaned up he will
move in. Miss Heffelfinger will prob-
ably remain as office clerk, but Dr.
MacBeth has as yet made no other ap-
pointments and has given no hints
as to what, if any, changes he will
make. He has the appointment of
the sanitary policeman, but his ap-
pointments must be confirmed by the
board of safety, so it is not likely
that he will make any announcements
until after a conference with the
board at the next regular meeting on
Tuesday evening.

William Wietfeld has been granted
a building permit to erect a dwelling
house on Rockhill street, to cost
\$1,200.

This is the last day of grace ex-
tended to Contractor Adams and the
new contractors, Messrs. Peter and
Derheimer, are preparing to com-
mence work on the South Wayne
sewer on Monday morning.

The mayor's new order regarding
the closing of saloons promptly at
midnight was most thoroughly
obeyed last night, none of the offi-
cers having a single complaint to
make. The tenor of the mayor's last
order was unmistakable and there
was left no room to doubt that he
meant exactly what he said.

Work on East Main street was sus-
pended yesterday so as to allow the
street car company to have uninter-
rupted service for handling the De-
coration day crowds.

A report was sent into the police
station that two small boys had
strayed away from their home at 207
East Wayne street. The names of
the boys were not reported.

Mayor Berghoff this morning left
for Chicago, to be absent a day or
two on personal business.

THE RHYTHM OF EARTHQUAKES.

Earthquakes have their pitch, and
if persons living in lands of seismic
disturbances will build their houses
out of tune with mother earth's shiv-
ers they will be comparatively safe.

This is what John Milne, or
"Earthquake Milne," as he is called,
says. Mr. Milne is the principal
member of the seismic section of the
Royal society, and has for a long
time been studying earth vibrations
at Newport, Isle of Wight, where he
has instruments so delicate that they
automatically record vibrations so
slight that it is impossible to detect
them in any manner with the senses
alone. His records show that the
whole earth shivers every fifteen sec-
onds.

By means of this "horizontal pen-
dulum," as he calls them, he has as-
certained the pitch of earthquakes,
and so advises that buildings be out
of tune with them to insure protec-
tion, but different portions of the
building should have the same pitch,
or an earthquake disturbance will be
sure to injure them. In earthquake
countries he advises deep ditches
around houses to cut off the ripples
along the earth's surface.

Mr. Milne has made yet another
discovery, and says he has demon-
strated that the interior of the earth
is neither hollow nor liquid, but is
marvellously rigid, even more rigid
than cast steel or the finest glass.
He says that his horizontal pendu-
lums have registered vibrations that
have traveled through the very
center of the earth, and at a rate
much higher than if the globe's in-
terior were more dense than the most
rigid mineral known.

As he says, vibrations do not travel
rapidly through gases or fluids, and
very much more rapidly through
dense materials. They travel through
glass as quickly as through any sub-
stance scientists know of, but
through the earth's interior they
travel two and one-half times as fast
as through glass.

THE RURODE DRY GOODS COMPANY...

June Sale of Muslin Underwear.

A greater collection of new, fresh undermuslins than we have ever shown before. Better values
and lower prices than on any previous occasion.

An Immense Purchase Makes This Sale Possible.

The bitterness of every manufacturer's life is to be compelled to shut down. Idle machinery rusts. One of the best makers of
muslin underwear was confronted with the alternative of closing his factory or accepting enough profitless orders to keep his hands
working. There is where we came in, and the goods are here.

THE RURODE DRY GOODS CO.

HE GOES TO HELENA.

Harry R. Culbertson, well known in Fort Wayne, has tendered his resignation as superintendent of the Bradstreet commercial agency at Indianapolis, taking effect today, and after spending a brief vacation with friends in Fort Wayne, will go to Helena, Mont., where he has extensive holdings in gold and copper mines. Mr. Culbertson is a brother of F. V. Culbertson, manager of the R. G. Dunn agency in Fort Wayne, and was himself formerly connected with that company's Chicago office. While in Fort Wayne Mr. Culbertson was connected with S. F. Bowser & Co.

OLD FIRM IS DISSOLVED.

The firm of Powers & Barnett, for many years proprietors of the Fort Wayne Omnibus, Carriage and Baggage line, with offices at 14 East Wayne street, has been dissolved by mutual consent. The firm was made up of Messrs. A. G. Barnett and Emmett M. Powers, and also conducted a similar business at Kansas City, Mo. Under the dissolution of partnership Mr. Barnett acquires the Fort Wayne business exclusively, while Mr. Powers will be the owner of the Kansas City interests. Mr. Powers has resided in Kansas City for the past seven years, but the firm has been in existence over twenty years.

NOTICE TO THE PUBLIC

Regarding Trading Stamps.

The annual rumor, circulated by a few merchants not able to get trading stamps from our company, declares stamp gatherers in the belief that our company was going out of business. We are not going out of business. WE HAVE COME TO STAY. Our company has deposited as security with the Western State Bank of Chicago fifty thousand dollars (\$50,000) as a guarantee that all families can have same redeemed at any time.

As a representative of the Green Trading Stamp company, will say I have called on all our leading business men and to a man all are not only willing to continue, but more enthusiastic than ever. Therefore, all families need have no fear, but go on and save stamps.

GO TO LAW OVER A CHURCH.

(Bluffton Banner.)
Perry Gilbert, Oscar Bayes and Lemuel Miller, trustees of the Lutheran denomination of St. Paul's church, in Rock Creek township, are seeking to secure by legal process in the circuit court today a temporary restraining order to prevent the reformed denomination of the same church, as represented by Trustees Daniel Eichhorn and George Harnish and pastor, Rev. Larry Welker, from holding services in the St. Paul's church except on each alternate Sunday. In their complaint they allege that the building was constructed and is owned jointly by the Lutheran and Reformed denominations, and that since the building was erected it has been customary for each denomination to use it on alternate Sundays. They charge that the Reformed congregation has usurped the use of the church on all Sundays of the year, thereby giving them no opportunity to hold services of the Lutheran church. They ask no damage, but simply that they may share the use of the building.

THE STIRK FAMILY.

PROUD ARISTOCRATS IN THE REALM OF THE ARENA.

The famous Stirk family, one of the great features of the Wallace Shows, does work that borders on the marvelous. In truth, some of their attainments are of such complex difficulties that it frequently passes with but little more notice from the public than their simpler displays solely because the audience cannot follow its intricate and perplexing paradox.

It not infrequently happens that when a particularly hazardous feat is accomplished the strongest and most pronounced applause will come from the entry wherein the other actors of the show may invariably be found ranged as spectators when "the Stirks are on."

This tribute to their genius from their fellow performers is as unusual as it is spontaneous, and testifies to their superiority more eloquently than any eulogy possibly could.

When an act can hold the attention of actors as that of the Stirks does it may indeed be said to be truly great.

At Fort Wayne on Tuesday, June 4.

FLOOR PLANS APPROVED.

The floor plans for the new public library building as prepared by Architect Grindle have been approved by the board of trustees and the library committee. Mr. Grindle now has the working drawings well under way, and will complete them in about thirty days.

Mrs. Biemiller, of Sandusky, Ohio, arrived in the city today to be the guest of C. J. Littleton and family.

It is not so important as interesting that Carrie Nation and Carle Browne, of Coxe's army fame, are edifying Kansas audiences with a series of joint debates.

Lord Kitchener again has occasion "to regret" as he reports to the British war office a severe engagement in which General Clements' force was badly cut to pieces by the Boers. The end of the war appears to be a long time getting in sight.

The legislature of Wisconsin proposes to violate the federal constitution by imposing an export tax of ten cents per ton on all ice sent out of the state, and the Chicago ice dealers propose to take advantage of this opportunity to raise the price of ice. The Wisconsin lawmakers will probably be taught a lesson, but their blunder will have served its purpose so far as the ice-men are concerned.

After a year in China have the soldiers of the allied powers impressed the Chinese that there is anything in western civilization that is particularly to be desired as an adjunct to oriental civilization? The reports of looting, brutal outraging of women and girls and wholesale violation of every obligation the foreign troops

were present in China to serve are unfortunately too well founded to be denied. However, the fact is well sustained that American soldiers, save in isolated instances, had no part in the outrages so frequently reported. The allied troops are leaving China, but the memory of them will long abide with the Chinese.

In order to add \$1,000,000 to the appropriation for the construction of the new Pennsylvania state capitol at Harrisburg, it is proposed to cut short by the same amount the appropriation for the common schools. This may be the Pennsylvania idea of wise expenditure of money, but it is most fortunate for the United States that such an opinion has never generally prevailed. Liberal expenditures for public education have done more than anything else to make this nation truly great.

The arrangements made by the powers for the government of Peking after the transfer of the administration to the Chinese provide that Prince Ching shall be the chief acting military governor. The choice is undoubtedly the wisest that could be made. Through all the Chinese trouble Prince Ching has shown his friendliness to the foreigners, and he has also displayed the qualities of progressiveness and energy. It is to his credit that he has endeavored by every means in his power to secure the best terms for China from the allies and has never given any indication that he would sell out his country in order to curry favor with the foreigners. Such a man can be trusted.

An English medical commission, consisting of five physicians, two surgeons, an army surgeon, five "general practitioners" and a professor of bacteriology, has just decided, after long investigation and debate, that the alleged tendency of the children of drunkards to become drunkards themselves does not in truth exist. The commission has failed to discover any evidence that "acquired characters of any kind are heritable." This will create considerable surprise and a great deal of adverse criticism, but the latter may be modified by the fact that the commission further holds that "drunken parents who become thus mentally and physically weak are liable to have children who are degenerate." In other words, the children of a drunkard may be worse than a drunkard. There can be no encouragement to drinking in the statement of that fact.

SKELETONS BY HUNDREDS.

Toronto, Ont., May 31.—On the farm of Andrew Dean, at Jordan, Ont., there has just been plowed up over 500 human skeletons. No record in history accounts for such a find. There is no account of a battle in that neighborhood. Skulls are found from that of an infant to the fully developed one of an adult, so

it must have been a whole village destroyed by some ruthless enemy. But who were they? There was no settlement of white people there to be destroyed and before the advent of the white men two great tribes of Indians—the Hurons on the west and the Iroquois on the east—had agreed by treaty to recognize this territory between the two great lakes from Niagara extending westward about forty miles as neutral territory. Before that they had warred over this section, but as neither could hold possession there was no village of either tribe to account for such a wholesale slaughter as this had been.

EATS MATCHES AND DIES.

Dunbar, Pa., May 31.—In a strange land, without friends, Mrs. William Alsop committed suicide by eating 1,000 match heads. She came to this country three weeks ago and located at this place. Her husband, William Alsop, had employment, but disappeared, leaving his wife in dire circumstances. Mrs. Alsop was taken to the poor house, but when she learned the nature of the institution she left it. Her husband returned, but gave no satisfactory reasons for his absence. Mrs. Alsop told acquaintances that in view of the fact that her husband might desert her again she could not live. On Monday she ate a number of match heads, but her life was saved. Again she came to town, purchased two boxes of matches and went to her home and ate the heads. She was dead when found.

STRIKING THE RIGHT SPOT

THAT'S THE GREAT SECRET OF
FORT WAYNE PRAISE GIVEN
TO DR. A. W. CHASE'S
NERVE PILLS.

There come times to every life when a lack of strength, falling appetite, poor circulation, weak heart action and many other symptoms may break in. They are not diseases—the person may not be laid up with anything. They have existed a long time. The influence of Dr. A. W. Chase's Nerve Pills is to create nerve force and immediately people find themselves getting well, because nerve force controls every vital organ of the body.

Mr. John Mooney, of No. 186 Lafayette St., Fort Wayne, Ind., says: "Dr. A. W. Chase's Nerve Pills are a splendid medicine. My heart was very irregular, due to excessive tobacco using. The nervous system itself was profoundly impressed by the tobacco. I was told of the Nerve Pills and got some at Myer Bros. & Co.'s drug store, No. 14 Calhoun St. The medicine so toned up the nervous system and strengthened me that the heart action became steady and strong—something it has not been for a long time. I am greatly pleased with the medicine."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

MR. RAMSEY WILL GO HIGHERO. D. ASHLEY WILL RESIGN
JUNE 20.

Mr. Ramsey Will Become President of the Wabash—Ashley for Chairman.

New York, May 31. The Mail and Express says: "O. D. Ashley will, at the next meeting of the Wabash board of directors, resign the presidency, and Vice President and General Manager Joseph S. Ramsey will be elected to succeed him. The meeting was called for June 8, but has been adjourned until June 20. Mr. Ashley's resignation was entirely voluntary. He is to be made chairman of the board, a position which will be created for his benefit. The extension of the Wabash to Pittsburg is being managed largely by Mr. Ramsey, and will be accomplished just as soon as the necessary authority from the board of aldermen of the city has been obtained."

FRIGHTENED INTO A PAINT.

Mrs. Fox, of Kinsey, Ind., an aged lady who has been visiting her daughter, Mrs. Tegtmeyer, at 77 West Superior street, suffered a severe fainting spell as the result of fright Thursday afternoon. An Italian with a street piano and a monkey attired in fanciful costume were grinding out melody and harvesting nickles along Superior street. Mrs. Kinsey was seated upon the porch at the Tegtmeyer residence, when the monkey, trained to collect coins, suddenly jumped into her lap. The aged lady was so badly frightened that she fainted and it required prompt efforts to restore her to consciousness. She is now out of danger.

SMILEY GIVES TESTIMONY.

Chicago, May 31.—Frank H. Smiley, who has confessed to conspiring with Dr. A. M. Unger and F. W. Brown and Miss Marie Defenbach in an effort to swindle various life insurance companies which held policies on Miss Defenbach's life, was the chief witness at the trial of Dr. Unger and Brown today. Smiley told how he was hired to pose as Miss Defenbach's promised husband. He said he was to be paid \$1,000 and that Miss De-

fenbach urged him that she would die soon after heart disease. She said she wanted her insurance to go to her friend, Dr. Unger.

SANG AS THEY MARCHED AWAY

EVANGELISTS TAKEN TO POLICE STATION.

Were Blockading Thoroughfare and Defied the Police Authorities This Afternoon.

Three street evangelists, preaching at Berry and Calhoun street this afternoon, soon gathered a crowd so dense that the sidewalk in the vicinity of the New Avenue hotel was blockaded and disregarded the orders of the police to seek other quarters. Lieutenant Lapp and Officer Dickson marched the evangelists to the police station, the preachers lustily singing hymns as they marched away, followed by a curious crowd of small boys. At the police station the men were warned not to blockade the sidewalks again and were then released.

The evangelists claim to be "old-fashioned Methodists," and came to the city from Deatur.

THE HOME OF THE FUED.

Nowhere is the feud so common, so old, so persistent, so deadly, as in the Kentucky mountains. Nowhere else is there such organization, such division of unity to the limit of kinship. About thirty-five years ago two boys were playing marbles in the road along the Cumberland river—down in the Kentucky mountains. One had a patch on his trousers. The other boy made fun of it, and the boy with the patch went home and told his father. Thirty years of local war was the result. The factions fought on after they had forgotten why they had fought at all. While organized warfare is now over, an occasional fight yet comes over the patch on those trousers and a man or two is killed. A county as big as Rhode Island is still bitterly divided on the subject. —Scrivner's Magazine.

Boys' Long Pant Suits... \$4.00 to \$7.50

We will refund the money on any purchase made of us—that is not entirely satisfactory. No risk there.

THE BELL,

18 Calhoun Street.

Our \$10 Suits

Won't you call and see the Suits that we sell for \$10?

We mention \$10 Suits because they are easy to compare. You can see that they are better than common \$10 Suits—better than most of the \$12.50 Suits.

Look at them and then look elsewhere. We know you'll come back.

You cannot know that we are cutting prices unless you compare.

And remember that we press and repair the suit while you wear it. That alone is worth the price of the suit if you keep your clothes in trim.

Yet we save you from \$2 to \$5 per suit besides that.

Gifts to Boys

We have the trade of the city in Boys' Suits. But there is more good will than profit in it.

We have made this line a specialty; carried enormous stocks; secured every attractive style; made prices too low on them.

We have done it to get the good will of the parents through the boys, and we are doing it yet.

And every boy gets a gift—a Camera, a set of Boxing Gloves, a fine Knife or a Boat.

The Russian Blouse, the new Sailor Suits, the Norfolk— you will find them all here.

And the cost will be lower than in any store in Fort Wayne.

Wayne \$3 Hats

The Wayne is a hat that we had made to our order. We had it made as well as a hat can be.

The quality is the same as in \$5 hats; the shapes are the same. The difference is \$2 and the name in the top.

We have hats in new shapes—hats that hold their color—as low as \$1.50. A splendid hat for \$2. But for \$3 we sell you the best hat man can make.

Wolff's \$1 Shirts

We have had a line of Fancy Shirts made to our order—made under our name—to save you 50 cents each a them.

For \$1 we sell you the same grade of shirt as we sell for \$1.50 under another brand.

No difference in the quality. You simply avoid paying 50 cents for fame—for an advertised name. That 50 cents alone will buy a very good shirt here.

HAAS PROMOTED

MADE ASSISTANT TO PRESIDENT

L. F. LOREE.

APPOINTMENT IS A SURPRISE

MR. HAAS FORMER FORT WAYNE

CITIZEN.

MACHINISTS RETURN TO WORK

EVERY MAN BACK IN THE

PLACE HE VACATED.

President L. F. Loree, of the Baltimore and Ohio road, has called L. G. Haas to his assistance. Mr. Haas

has been superintendent of the Erie and Pittsburgh division of the Pennsylvania lines for two years. He will enter upon his new duties at once. News of the appointment first reached the local officials this morning through an Associated Press dispatch published in the morning papers and it created great surprise and considerable favorable comment. Mr. Haas is well known to the local railway men. For awhile he was stationed in this city, being assistant to Engineer of Maintenance of Way E. G. Erickson. He was appointed maintenance of way engineer of the Erie and Ashtabula division three or four years ago and soon afterwards was appointed superintendent. He is a graduate of a polytechnical institute and in addition to an excellent education, he possesses the qualities most essential to a successful railway man. The transfer of Mr. Loree is also a matter of unusual interest in railway and financial circles, and the metropolitan papers continue to make it the subject of much comment. Mr. Loree was very comfortably situated in the Pennsylvania roster, and it is a matter of surprise to many that he should consent to be transferred to the Baltimore and Ohio. In this connection the Indianapolis Journal of today's date says:

"Mr. Loree was in Philadelphia last week and had a long talk with President Cassatt, and it was the expressed wish of the Pennsylvania president that induced Mr. Loree to accept. He did not care to be divorced from the Pennsylvania service, but it was made plain to him that he was expected to improve the service on the Baltimore and Ohio, and that he would be associated with some of his former friends in the board of directors. Daniel Willard, acting general manager, is to retire and it is understood that Mr. Loree will take one, or perhaps two, men off the Pennsylvania with him, one for general manager and the other for assistant; both places will be vacant tomorrow. Possibly they may remain open a few days, because good men must be selected. Mr. Loree is a man of great capacity and ability. He is 43 years old, ambitious and energetic. Locally there is much interest felt in the advance of Mr. Loree. On leaving college he was admitted to the bar, which he abandoned to enter the engineering corps of the Pennsylvania in 1877. From 1879 to 1881 he was transit man in the United States army engineering corps, and from 1881 to 1883 a member of the engineering corps on the survey of the Mexican national road. He then returned to the Pennsylvania lines west, and for a year was assistant engineer on the Chicago division of the Pennsylvania. For two years he was engineer of maintenance of way of the Indianapolis and Vincennes. He was then promoted to be engineer of maintenance of way of the Chicago division, and in 1888 held the same position on the Cleveland and Pittsburgh division, of which he was promoted to superintendent in 1889. On January 15, 1896, Mr. Loree was promoted general manager of the Pennsylvania lines west. He has visited Europe three times, thoroughly investigated the methods of British and continental railways, and has kept abreast in the discussion of every problem in railway development. For three years he was president of the American Railway association, attended the Paris exposition as a representative of that body, and delivered the address on behalf of the American roads at the railroad conference. With the departure of Mr. Loree from the Pennsylvania lines west there will be a vacancy to be filled, and one that demands a man thoroughly skilled in the art of railroad operation. J. J. Turner, vice president and general manager of the

FOR OLD AGE

To the old, as to babies, the even balance of health is more important than anything else in the world. The possible health, in age, is not high and strong; it is only even.

There is no end, but death, to the trouble that comes of its loss.

It ought to be watched like a baby's.

Their future is short; but oh how it turns on comfort! on whether the wrinkles are wrinkles of pain or of long serene enjoyment!

Scott's emulsion of cod-liver oil—for very old and very young in different ways—is the food to secure this even condition of health.

We'll send you a little to try, if you like. SCOTT & BOWNE, 409 Pearl street, New York.

Vanalia, is among those named to succeed Mr. Loree, but as yet this report has no strong support.

"L. F. Loree, elected president of the Baltimore and Ohio Railroad company on Wednesday, will assume his duties in Baltimore Saturday morning. One of the first official acts will be the appointment of George L. Potter as general manager of the entire Baltimore and Ohio system. Mr. Potter will succeed F. D. Underwood, who lately resigned to become president of the Erie. Mr. Loree will also appoint Arthur Hale, present superintendent of telegraph of the Pennsylvania, assistant general manager of the Baltimore and Ohio, to succeed Daniel Willard, who also goes with the Erie."

WORK AT EAST SHOPS.

The car builders at the east car shops of the Pennsylvania completed the work of building 100 flat cars for the maintenance of way department Wednesday and this morning took up an order for 150 box cars of 80,000 pounds capacity. The car builders are also at work in the erection of ten new styled high cupola cabin cars.

LOUIS DAILEY HONORED.

L. G. Dailey, a clerk at the east shops of the Pittsburgh, has been selected as one of the auditors of the Pennsylvania Voluntary Relief association, representing the western division of the Pittsburgh, Fort Wayne and Chicago branch. The work of auditing the books is performed in July at Pittsburgh and generally consumes two or three weeks.

INSPECTS FREIGHT OFFICES.

William Berner, general western freight agent of the Pennsylvania, is making a trip over the Fort Wayne branch this week. He left Chicago this morning on a special train and will reach this city this afternoon, stopping at all freight and telegraph stations en route.

THEIR VACATION ENDED.

All of the Wabash railway machinists appeared at the shops this morning and quietly resumed their respective places as if nothing out of the ordinary had occurred since they vacated them, over two weeks ago. And thus ends one of the most remarkable strikes ever known. There is apparently the best of feeling between "boss" and employe and no disagreeable results will follow the recent little differences of opinion which existed only temporarily. At the Bass works the men are at work also.

ADOPTED NEW METHOD.

By permission of General Manager J. J. Wood the Relief union of the Fort Wayne Electric works has adopted new methods for collecting the regular dues and assessments. Heretofore it was the practice to collect from the men through the medium of a collector appointed for that purpose, who called upon each member in person. Hereafter the timekeeper will report the amount due from each and the paymaster will deduct the same from the wages and turn it over to the union. This is the result of an unanimous resolution passed by the Relief union at the meeting Wednesday evening at

the close of working hours. At that meeting the annual excursion business came up also, but no definite conclusion as to date, place of holding, etc., was arrived at. It was proposed to give the excursion June 3, but approval of the date has not yet been made.

WILL ABOLISH AGENCY.

Discouraged in the effort to keep a good man in the office of commercial agent at this point, the Findlay, Fort Wayne and Western road has decided to abolish that office. The rooms in the Arcade will be retained, however, and the company will establish there a telegraph office, and will require from the operator the double duty of looking after freight business and receiving and sending messages. F. R. Garrison, general passenger and freight agent of the company, is in the city today making arrangements to make the change in accordance with the plans told in the foregoing. The change will be made just as soon as possible.

INDUSTRIAL NOTES.

Pittsburg Brakeman G. M. Wyatt is sick and off duty.

Foreman C. A. Burchard, of the east car shops, is visiting in Chicago. J. Sachreiter, of the Pittsburgh round house, will spend Sunday in Chicago.

Passenger Conductor M. F. Mauk, of the Pittsburgh, is still confined to his home with kidney troubles.

Dr. E. F. Wagner went to Warsaw this morning on business for the Pennsylvania Relief department.

Henry Regling, a Wabash boiler-maker, is suffering with rheumatism in one of his feet and is unable to work.

G. C. Dudenhofer, of the Pittsburgh lumber yards, went to Chicago this morning for a few days' visit with relatives.

A 1,500-light dynamo left the electric works this morning for Oxford, Mich., where it will be installed in a light plant.

Patrick Maley and James Fred. Wabash boiler-makers, have returned from Peru, where they were working a few days.

Superintendent and Mrs. E. A. Gould, of Peru, were the guests of Master Mechanic and Mrs. G. S. McKee yesterday.

Ross Gardner, yard conductor at the Pittsburgh, is taking a few days' leave of absence, which he is spending at a lake near Pierceland.

Mr. and Mrs. F. P. Colclasser have gone to Warsaw to spend Sunday with friends. Mr. Colclasser is a carbuilder, employed at the east shops.

H. C. C. Nees is sick and E. Bennett, C. Reinking and J. Richard are off duty to look after private business. They work in the Pittsburgh shops.

Passenger Conductor Joseph Morgan, of the Pittsburgh, is sick and off duty, and Conductor Peter Travis will have charge of trains 37 and 38 for awhile.

The Wabash has given notice that it will advance passenger rates east bound from Kansas City to the normal basis June 9. This will restore the New York rate.

Joseph B. Sunderland, of Decatur, Ill., was the guest of friends and relatives in the city yesterday. He represents the Lehigh and Wabash Dispatch in this territory.

Conductor W. A. Current, who has had charge of the stone train at Dunkirk since last fall, has been transferred from that service to the through freight service.

William Madison, foreman of the lathe department of the Pittsburgh, and Mrs. Madison, went to Chicago yesterday to spend a few days with their daughter, Mrs. Ames.

Bruce Baker, of South Calhoun street, took his father to Winona yesterday for a day's fishing. They were successful in catching a fine string of bluegills and perch.

Ernest Dehne, foreman of the Pittsburgh pattern shop, and his wife, are visiting their son, George, who now occupies a responsible position in the general offices of a western railway.

W. S. Piers, late commissioner of the Southwestern Traffic association at St. Louis, died at his home in Chicago Wednesday, after a service in the railroad profession of thirty-five years.

Eastern capitalists are said to be behind an enterprise to build a railroad from Toledo to Chicago, practically an air line, passing through Montpelier, Ohio, Angola and Elkhart to Chicago. It is said ample capital is offered to build the road.

Upon the walls of the city ticket offices of the New York Central at New York city has been placed a map which takes in the country from Omaha to the Atlantic seaboard,

showing the principal towns, cities and resorts and all the railroads in such territory. It is twenty-four feet long by thirteen wide.

It is understood that Joseph Ramsey, president of the Wheeling and Lake Erie, will remove several of the general offices of that road to St. Louis, where it will be more convenient for him to look after them.

Marion O'Hara, who resigned a position in Counselman J. J. Bauer's department at the electric works, left this morning for Dayton, Ohio, to take a position with Mr. Belden, in the Dayton Electric Fan works.

John Miller, who is now a conductor on an Oklahoma road, is in the city, visiting his father, who is very sick. Mr. Miller was employed as a conductor on a Fort Wayne road several years before he went west.

Engineers D. C. Skinner and M. H. Durnell and Fireman J. Engman, of the Pittsburgh, are off duty on account of sickness. Fireman H. M. Kensill is off duty with a lame leg, which was injured by a fall on the coal in the engine tank last Wednesday.

C. B. Braun, who operates machinery in the Pittsburgh car shops, is nursing a lame hand, the result of getting the member too close to an emery wheel last Wednesday. The index finger and a portion of the other fingers of the left hand were painfully skinned.

William Stewart, whose death at Danville was mentioned in The Sentinel last evening, was buried in that city this afternoon. Several of the relatives residing in this city attended the funeral. The foundry and machine shop owned by the deceased will be conducted by his son-in-law, L. E. Chesley, who has acted as superintendent of the works for the past two years.

The New York World says that the Rockefeller-Gould syndicate is making a determined effort to get control of the Delaware, Lackawanna and Western as an eastern outlet for the Missouri Pacific trans-continental system is accepted as a fact in Wall street. It was reported that George Gould had made an offer to the Moses Taylor estate to take over the entire 40,000 shares of stock held by that estate. The price offered, it is said, is \$250 a share.

Indianapolis Journal: "The Wabash has acquired water front rights at Toledo which will give it direct connection with the route proposed for the Detroit and Toledo short line. A belt line is being built around the city, ostensibly in the interests of manufacturers and merchants of Toledo, but it is noticeable that the disbursing agents receive no checks. It is intimated that the Wabash is thus acquiring a very valuable piece of property which will greatly strengthen the road in Toledo."

WON THE BREEN MEDAL.

Notre Dame, Ind., May 31.—In the college oratorical contest the W. P. Breen gold medal, donated by Hon. W. P. Breen, of Fort Wayne, was awarded to J. W. Kenney, of Richmond. He spoke on the negro chief, Toussaint L'Ouverture. The speech was well rendered. The efforts of Kenney and Scaleski, the two last speakers, marked them as two of the ablest orators Notre Dame has ever had. Scaleski has the distinction of swaying his audience as no other contestant has ever done. He spoke most feelingly for Poland, his native land. Third place was awarded to Vitus G. Jones.

\$100 PER WEEK PAYMENTS

A Rattling Blue Serge Suit Bargain.

This is the weather for Serges, and this is the place to buy them. For just one week we will sell a fine Blue Serge Suit, color guaranteed, made up with French facings and satin piping, for \$8.98. This suit is the regular \$12 sort; stylish and well tailored, but we'll demonstrate our leadership this week by selling it for \$8.98, on little weekly payments. If you prefer a Clay, we have marked down a good one from \$15 to \$10.95; just for this week. \$7.95, \$8.95, \$9.95, \$10.95.

A SILK SKIRT TIP

A new lot of the cleverest designs you ever looked at are now here—Silk Skirts that most stores sell for \$18 will be sold this week for \$12 and \$15. These Skirts will prove to you that our prices are the lowest; you'll quickly see how impossible it is for the ordinary store to compete with an establishment such as ours, with 25 large stores and a factory to supply them.

Style, Quality and Credit

Are the trio of factors that make this store popular. Little payments that are never missed. Square dealing in every transaction.

THE WEATHER.

Chicago, May 31.—Forecast for Indiana—Generally fair tonight and Saturday, except possibly showers in south portion; northerly winds.

LOCAL NEWS.

Mrs. Helen Fleming gave a family dinner party yesterday.

Judge and Mrs. Allen Zollars returned last evening from a trip to Chicago.

John Peckham and sister, Miss Jessie, are visiting friends near Monteville.

Mrs. R. E. Casey and son Robert have gone to Grand Rapids to visit relatives and friends.

Mr. and Mrs. C. A. Burrows, of Elmira, N. Y., are in the city, the guests of W. B. Kitzelman and family for a few days.

Mrs. Briggs, of Spencerville, Ohio, who was called here to attend the funeral of her mother, Mrs. French, returned to her home today.

The ladies of the Amicus club are holding the closing meeting of the season this afternoon at the home of Mrs. Dell Edmunds, on East Fourth street.

The "Advertising Girls" will come forth from the pages of Harper's Magazine tonight, at the South Congregational church, and will entertain their friends. They will also serve ice cream and cake.

Seventy-two homing pigeons, owned by Dr. Schilling, Henry Beach, Frank Contant and James E. Hraen, were liberated at Beumont, Ill., at 7 o'clock this morning. The flight to Fort Wayne, 209 miles, was completed by the first of the birds at 1 o'clock this afternoon.

HIGH SCHOOL SPORTS.

The annual high school field day is being held this afternoon at the Driving park, and a large number of the students and their friends repaired to the park to witness the events. The weather was most favorable for good work and the various contests proved to be very interesting. Only high school athletes participated and the results of the events showed that the young men were well up in the various sports.

Boston, Mass., Dec. 12, 1900.
Your \$3.50 shoes beat any shoe I have ever worn, for wear, ease and looks. I have been paying from \$5.00 to \$8.00 for my shoes heretofore.

J. M. E. MORRILL,
Chicago, Ill., Nov. 15th, 1902.

"\$5.00 WORTH FOR \$3.50."
I have just bought a second pair of your canvas shoes. The last pair carried me for three years. This is a pretty fine record. There is no doubt but that the Douglas \$3.50 shoe is the best for the price in America. It is just as good if not better than most of the \$5.00 shoes now on the market.
